Masked Bandit Holds Up Attendant

Youth with Knife at Throat Yields \$115 At Service Station

A Halloween-masked bandit armed with a knife and a tire tool held up a 17-year-old attendant and robbed him of \$115 to \$150 at the Olympic service station, 20th and Adams streets, at 9:10 p.m. Wednesday.

The youth, who was working in the station, said he heard a noise in the rest room, and when he checked, he was grabbed by the arm and jerked into the room.

The bandit held a knife at the attendant's throat and held a tire tool in his other hand as he demanded money, the victim related.

The attendant gave him a roll of bills from his shirt and his money changer. A struggle then ensued and the robber tried to knife him, inflicting a small scratch on his left arm, the youth said.

The robber then ran south in the alley. He was described as being 18 to 20 years old, having brown hair and wearing a plaid brown shirt and dark trousers.

Auto Theft Charge

Gary Whitworth, 18, of 2909 Buxton avenue, was charged with theft of more than \$150 in connection with an auto reported stolen from Harry Ezell Jr., 321 Myrtle avenue, at 3:25 a.m. Wednesday.

The 1964 model car was stopped 10 minutes later by Pontoon Beach police at Pontoon road and Route 111, and Whitworth and a companion were brought in to the Pontoon City jail. Whitworth was transferred to the Madison county jail at Edwardsville in lieu of \$500 bond, and the companion, 20, was released without prosecution.

Auto Agency Entered

A drawer was found open but nothing was missing from the building or lot at Bob's Used Cars, 1412 State street, it was reported Monday. Entry was gained by knocking the glass out of a side door and crawling through.

James Fields, 108 Kirkpatrick homes, reported at 10 a.m. Tuesday that a box of mechanics tools valued at \$100 and two wheels and tires valued at \$20 were stolen from his station wagon during the night. A vent window was broken to gain entry.

Walter Kichaba, 1300 Granite avenue, reported at 2 p.m. Monday that a tape player was stolen from his 1965 auto parked in his carport. He said the player belongs to his son, Richard, who is serving in Vietnam.

RONALD J. VEIZER
Nominee for Award

GC Chief Veizer Is Nominee for Medal of Valor

Granite City Police Chief Ronald J. Veizer is a nominee for the first annual Police Medal of Valor to be presented by the Chamber of Commerce of the Metropolitan St. Louis area.

Chief Veizer was presented a plaque last May 13 by the local Chamber, which earlier had commended him on the "heroic City Jail" which was the subject of the award.

His entry for the award was submitted by the Tri-Cities Chamber of Commerce for his action in saving the life of Gus Schalkham Jr. of Granite City, a state driver's license inspector who was in the funeral procession, was cited for his quick action in providing first aid.

Chief Veizer was presented a plaque last May 13 by the local Chamber, which earlier had commended him on the "heroic City Jail" which was the subject of the award.

Local Delegation

From 50 to 60 area residents, including Granite City police officers, are planning to attend the \$10-a-plate event at which a high school student will be a guest at each table.

The Medal of Valor award is aimed at improving police-community relations and will be presented each year to a limited number of officers who

Speed Up Ok'd for Lynch Ave. Sewer Job

Council Calls Upon Corps of Engineers To Undertake Project

Faster action for replacement of the collapsing Lynch avenue sanitary sewer line is contemplated by the city through a resolution authorizing the U.S. Army Corps of Engineers to undertake the project.

Council members unanimously approved the resolution during Monday night's session after hearing an explanation by City Atty. Leon Scroggins, who said the Corps would call for bids for the project that involves replacement of 1200 feet of 18-inch sewer line and about nine manholes.

The line extends from Maryville road to Sara street in the Cloverview subdivision, with an auxiliary line extending south in the vicinity of Stearns avenue.

Mayor Partney added that by going through the Corps of Engineers, the federal funds will become more readily available to complete the replacement project in as short a time as possible.

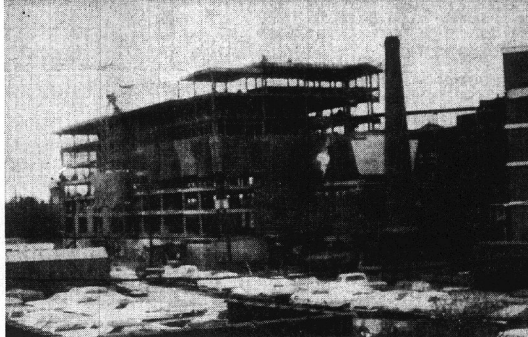

Under Public Law

The funds for the estimated \$100,000 to \$200,000 project will be a part of the \$733,000 allocated for flood damage to city sewer lines and property during the June and July flooding from heavy rains. The allocation is under Public Law 875 of the Civil Defense office of Emergency Preparedness.

"With another federal agency handling the project, the project can be carried out much more quickly, since the city's sewer replacement is considered an emergency," Partney explained. He added that the city can expect its first allocation of about \$90,000 federal funds this month.

During the council session, sewer break repair bills were approved amounting to \$118,000. It also was noted that with the Corps of Engineers able to obtain federal funds faster and proceed with the project,

Levee District Bill 'Practices' Protested

Angered by what he termed "the way they do things around here," William "Mike" Ebersold of Venice, Madison county member of the East Side Levee and Sanitary district board, returned out of the levee district

offices at East St. Louis yesterday morning a few minutes before a regularly scheduled board meeting and did not return to attend the session. As a result, the three remaining trustees of the levee board, all of East St. Louis, met in a brief session of about ten minutes, approved an October payroll totaling \$51,244 and the other trustees and administrative workers in approving levee district bills "without all of the bills going before the board as a whole."

Ebersold, reached later in Granite City, told the Press-Record, "I just got so hot under the collar over some of the practices that have been going on that it wouldn't have done anyone any good for me to stay."

The reason, he said, stems partly from actions by some of the other trustees and administrative workers in approving levee district bills "without all of the bills going before the board as a whole."

Didn't Work Out

"I thought we had the problem worked out some months ago when we agreed all actions, including approval of bills, would clear through the board," Ebersold said, adding "that it hasn't worked out that way and I'm getting tired of it."

The accident report showed that Dozier was pulling over to the curb to discharge passengers while Adams was passing on the right.

The motorcyclist was admitted to St. Elizabeth Hospital with abrasions and contusions to the chest, right elbow, left lower leg and knee. X-rays were taken.

Four Persons Injured

Four out-of-town drivers were injured and two were under treatment at St. Elizabeth Hospital this week following a four-car accident Monday on Route 111 eight-tenths of a mile south of Interstate 270.

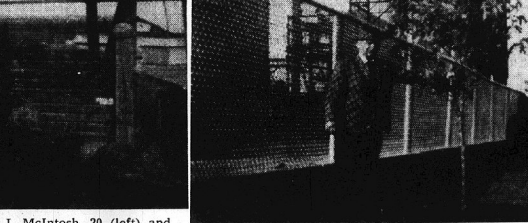

The mishap occurred as an auto driven by Bernadette M. Spangler, 70, of Hialeah, Fla., attempting to turn left, was struck from behind by a car driven by Charles L. Toland, 45, of Rushville. His auto was struck from behind by one driven by John W. Yates, 45, of East Alton, and the fourth car, driven by Linda Clemens, 22, of Edwardsville, struck the Yates and Toland autos.

Miss Clemens was treated for contusions to the left knee and

Demo Battle for Sheriff, District Offices Shaping

Maeras, Fraundorf Petitions Out; Briggs In State Senate Bid

An anticipated primary election battle for the Democratic nomination as sheriff of Madison county was shaping up today with a formal announcement by John Maeras, now county treasurer, that he will seek the office — while at the same time petitions of candidacy for the sheriff's post were placed in circulation by Barney Fraundorf of Madison.

Maeras is a brother of Madison Mayor Stephen Maeras, and Fraundorf is former Madison chief of police and former sheriff. Both are Democrats.

The apparent contest in the sheriff's race in the 1970 elections was accompanied by a series of other political developments, including the Democratic primary fights at the district level — for nominations both as state senator and as state representative of the 58th Representative district. Both of these districts encompass the Quad-City area.

Briggs in Running

Harry Briggs, supervisor of Nameok township, has begun circulation of nominating petitions as a candidate for state senator, and David Partney, son of Granite City Mayor Donald Partney, is circulating petitions as a candidate for state representative. Briggs sought the senator's post in a special election early this year after the post became vacant through election of former Senator Paul Simon as Illinois lieutenant governor.

While Briggs is the first candidate in the Democratic primary bidding for the senator's post, now held by Republican Merrill Ottewill of Edwardsville, the Republican ticket, the Senate Central committee reportedly is considering several requests for support in the senator's race.

Briggs' entry into the state senate campaign on the Democratic ticket came almost simultaneously with announcement by Ottewill that he will seek re-election to the senate post in the 1970 balloting, subject to the March Republican primary.

Fraundorf defeated Briggs for the senatorship by a small plurality in the special election last April 29, following a primary in which Briggs won the Democratic nomination and Ottewill was nominated on the Republican ticket. The 53rd Senatorial district includes the four Quad-City townships of Granite City, Venice, Nameok and Ottewill, plus Alton, Godfrey, Wood River, Edwardsville, Pin Oak and Jarvis townships.

Opposition for two Democratic tickets in the 53rd district is certain to result from Partney's entry into the campaign. State Rep. Leiland J. Kennedy of Alton, now serving his eighth term in the Illinois House, has announced he will be a candidate for re-election, and incumbent State Rep. Horace Calvo of Granite City is certain to do the same.

The early lineup of primary candidates results from an election law amendment advancing the date of the 1970 primaries to the third Tuesday in March. The 1968 primary was held in June and prior primary elections were held in April.

Filing Opens Dec. 8

Area's Birthrate Down in October

The area's birthrate declined during October while the death rate increased slightly, according to vital statistics compiled yesterday by Granite City Clerk Homer "Cal" Pendleton.

During October, 99 births and 38 deaths were recorded, compared to 106 births and 37 deaths in September. In October 1968, the statistics were 107 births and 33 deaths.

In the first 10 months of this year there have been 977 births and 381 deaths, compared over the same 10-month period in 1968 when there were 896 births and 365 deaths.

Venice Brothers Hold Reunion in Vietnam

By VALERIE EVENDEN

No body can convince us that the military service doesn't care about its personnel, a Venice couple commented Tuesday after receiving word that a leave had been arranged to permit their two sons, both serving in Vietnam, to visit each other last week.

Marine L/Cpl. Thomas McIntosh, 19, wrote a glowing letter home to his parents, Mr. and Mrs. Walter McIntosh, 208 Broadway, Venice, describing the happy reunion with his brother, Army Pfc Robert J. McIntosh, 20, who is serving with the 42nd Artillery at Bien Hoa.

Their five-day furlough together was arranged by the "top-kick" in Tom's Marine Corps outfit and an officer in the artilleryman's unit, the father said.

The reunion occurred last week at Bien Hoa, located about 35 miles from Saigon, a distance of roughly 450 miles from the Marine's outfit at DaNang. Tom is based with the First Marine Aircraft Wing in the northernmost sector of Vietnam.

Both Mr. and Mrs. McIntosh were greatly impressed and appreciative with the efforts of their sons' commanding officers in arranging the trip, the first get-together for the twosome in nine months.

Tom was transported by plane from DaNang to an airfield near Bien Hoa, where brother Bob met him in a borrowed jeep.

"Everything worked out perfect," Tom wrote. "He was right there to meet me at the airport. Sure was good to walk through a door and see my brother. We both had smiles from ear to ear and didn't really know what to say to each other. I'll never forget those five days."

The pair stayed with Bob's artillery unit, the Marine noting in his letter home that his brother "is with a really great bunch of guys."

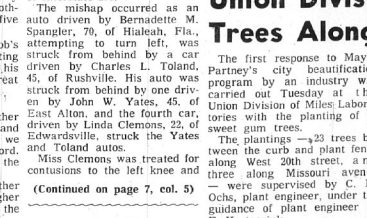

Sending Tape Home

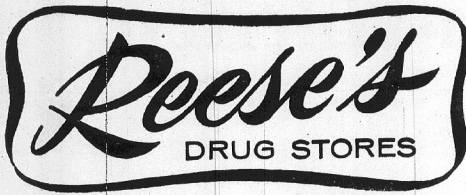

"We made a tape together which we will send to you and this picture I'm sending, we want that in the Press-Record. We'll be looking for it in the paper," Tom wrote.

Commenting that his brother "has got it just a little rougher than I have, as he's out in the

the city will be able to free six street department workers who have been manning pumps to move sewage around the breaks.

Rather than build heated shelters for them, the city decided to rent two tool sheds from A. H. Seebold at a cost of \$60 a month with an added initial charge of \$40 to place each shed at the location.

Flood Insurance

The city also is working with

Cong. Melvin Price to obtain a community flood insurance protection program under the National Flood Insurance Act of 1968 under the supervision of the Housing and Urban Development agency. Added information is to be sought from the city by HUD.

Under the city's \$735,000 grant of federal funds for sewer replacement and repairs, the allocations are expected to be received over a period of months. Total costs to date exceed \$950,000. The city's original application was for \$1,310,365.

"As far as I know," the mayor

added, "The President has allocated only \$500,000 for all of Madison and St. Clair counties under the emergency flooding bills, but since the Levee District has been promised over a million dollars and we are to get \$735,000, adjustments are anticipated."

The Levee District also has called upon the Corps of Engineers to handle its sewer breaks in Madison and St. Clair counties, including a break involving a major line for the city of Madison. The break occurred inside the Army Depot grounds.

A motor fuel tax resolution

seeking allocation of \$5000 for drainage lines along Michigan and St. James avenues was approved by a vote of 11-to-2 with the request to be sent to the state highway department for final approval.

In protesting the resolution, Alderman Whitmer said the project was being jumped ahead of other motor fuel tax street work with related drainage. He added that emergency conditions also exist along streets that are in the process of being approved for motor fuel tax funds.

He noted that in the Fourth Ward, there already have been

improvements to Michigan, Troy and Idaho avenues, and MFT improvements are proposed for Nameoki drive, Melrose avenue and Oakland avenue in the same ward.

"The only other MFT projects have been Johnson road and Waterman avenue, along with Nameoki road, and I consider Johnson road and Nameoki road improvements to be community projects rather than ward projects," Whitmer said. Other MFT projects still pending, he added, are improvements proposed for Buxton, Marshall, Palmer, Harding and Roosevelt avenues.

"I can't see the emergency to advance this project ahead of others. It should get in line, behind the others," Whitmer told council members.

He was answered by Fourth Ward Alderman Green, who said he "knew of no line. It must be an imaginary line."

We've had a request for improvement of a section of Benton street pending for six to eight years," Alderman Parmlley advised. Whitmer that approval of the resolution merely meant it was being forwarded to the city for acceptance as an MFT project. "You're out of order in

Tire Chains Preferred For Driving on Snow

Most drivers realize they should have chains for severe snow and ice conditions," says Chief Ronald J. Veizer of the Granite City police department. "Yet many try to get by without them and get stalled or have skidding accidents. For dependable starting in deep snow and safe stopping on slick ice, reinforced tire chains are your best bet."

DeMolays to Attend Church Service Sunday

The Granite City Chapter, Order of DeMolay, planned to attend the 10:40 a.m. service at the Dewey Avenue Methodist Church Sunday during a meeting Tuesday night.

The chapter attends a church in a body twice each year, selecting the church of the master counselor. Parents, families and friends are invited to attend.

It was announced that the Chevaliers of the Granite City court will hold their annual observance at the Rose Bowl restaurant at 6 p.m. Saturday. Dale Schindewolf, past master counselor and a Chevalier of the local chapter, is chairman of the event.

Plans were made to attend the District 4 meeting at the Wood River Masonic Temple Monday night. DeMolays will leave from the Bellemore Village shopping center at 7 p.m.

It was voted to honor the sponsoring body of the chapter, Royal Arch Masons Chapter 221, with an Appreciation Night at the next regular meeting on Nov. 18. The initiatory degree will be conferred on the "Dad" Stanley Garrity memorial class. The meeting was adjourned by Dwayne Pritchett, master counselor. Refreshments were served by the Mothers Club.

Traffic Deaths Mount -- Equal 1968 Total

Eight fatalities in traffic accidents occurring in and near the Quad-Cities during October sent the area's traffic death toll soaring to a total of 35 for the first ten months of this year—a figure equal to total fatalities for all 12 months of 1968.

Accident statistics show, in addition, that 26 of the 35 traffic deaths so far this year have occurred within the past four months, with nine fatalities in July, six in August, three in September and eight last month.

This was an average of 6.5 fatalities per month, or one traffic death every 4.7 days over the four-month period of July through October, setting a record high death toll in the area's recent history of steadily mounting traffic accident ratios.

A total of 244 accidents occurred in the Quad-City area during October, resulting in the injury of 126 persons in addition to the eight fatalities, according to reports of area police authorities.

The total of 244 accidents during the month is the largest for any single month of the year thus far, but the 126 injury cases equals the 126 injuries reported in 222 July accidents and is six less than the 132 injuries resulting in 228 accident in May.

The October total of 244 traffic accidents was an increase of 65 over 179 reported in the previous month of September, while the 126 October injury cases was an increase of 45 over the 81 injuries in September.

In comparison with the area's traffic accident ratio for the same period of 1968, this year's accident ratio has risen considerably, along with the number of traffic deaths, but the number of accident injuries is almost identical to that of a year ago.

The total of 244 accidents last month brought 3179 the total for the ten months of the year, or 294 more than the 1885 accidents reported for the same period of 1968. At the same time, last month's 126 injury cases increased the year's total of accident injuries to 1110, or two less than the 1112 occurring during the ten months of 1968.

Death Toll Higher

The total of 35 fatalities this year, however, is an increase of five over the 30 reported during the ten-month period last year. The 28 traffic deaths occurring during the four-month period July through October with a total of seven for the same period last year when there were two fatalities in July, two in August, one in September and two in October.

The number of traffic accidents, injuries and fatalities reported by months this year, in that order, are: January, 215-115-4; February, 202-83-1; March, 226-108-1; April, 241-125-3; May, 228-132-0; June, 228-123-3; July, 222-126-8; August, 194-92-6; September, 179-81-3; October, 244-126-8.

Boy, 16, Arrested in Madison on 5 Charges

A 16-year-old Madison boy was held in the Madison city jail on five charges this morning following his arrest about 9 p.m. yesterday when his car, which was being pursued by police, crashed into a tree in the 1600 block of Fifth street.

Officers reported they booked Joseph A. Thomason, 16, of 1681 Fourth street, Madison, on charges of reckless driving, disobeying a stop sign, eluding police, failure to heed a light and siren and destruction of city property.

Police said they first saw Thomason headed south on Highland avenue at Rhodes street, traveling at high speed and "fish-tailing" his car. Officers said they gave chase and that Thomason ran the stop sign at Fifth street and Ewing avenue, skidded and crashed into a city-owned tree on the boulevard, damaging the tree and the car.

Display Date for New Auto License—Dec. 1

Secretary of State Paul Powell today warned motorists who are now receiving their 1970 license plates that it is illegal to display those plates until Dec. 1.

Mailing of the 1970 plates began on Monday, Oct. 27, as a continuation of the four-year-old policy of starting delivery of plates prior to the old date of Dec. 1. Plates are being mailed in numerical and alphabetical sequence.

Open House Monday At Coolidge Jr. HS

The Coolidge school PTA has announced an American Education Week open house for Monday evening at the school with the hours to be from 7 to 8:30. Membership tables will be set up at the two main doors and all parents will be invited to join the PTA and meet with the teachers.

\$5000 Budget Sought For Reapportionment

The Legislative committee of the Madison county board of supervisors has requested a \$5000 appropriation in the new county budget to finance the cost of reapportioning the board's representative districts.

New state law requires reapportionment by all boards in counties which fail to meet one-man, one-vote requirements. The same law also requires a county to not more than 29 supervisors and not more than 29 representative districts. Madison county now has 49 supervisors elected from 24 townships. Harry Briggs, chairman of the Legislative committee, said the money may be needed for technical assistance in mapping new district boundaries.

turn, advanced the date of the primary election to Dec. 8 as the opening date. Last day to file petitions of candidacy will be Dec. 15 and the last day for withdrawal will be Dec. 20.

Thus far, most of the political activity has been in Democratic circles, although Republican party leaders have been considering the lineup of a primary ticket. Republicans leaders say they expect to announce one of the organization candidates or county committee endorsements until after the Nov. 18 election of delegates to the Illinois Constitutional Convention.

Three candidates seeking election to two Con-Con delegate spots in the 53rd Senatorial district are all Democrats — appeared Monday night at a meeting of the executive board of the County Democratic Central committee and spoke briefly on their candidacies. They included Wendell Durr, Edwardsville attorney; Ray Johnson, Troy accountant; and Lucien Ringer, former Wood River mayor. The only other con-con candidate in the 53rd district, Mrs. Dorsey Young of Alton, is a Republican.

Enactment of county candidates planning to seek re-election in the 1970 primary and general elections failed to materialize, and only one announcement of candidacy was made during the meeting.

Simmons Announces

That came from Water T. "Buck" Simmons, chairman of the Democratic county committee, who said he will seek election to the remaining four years of an unexpired term as clerk of the Fifth District Appellate Court. Simmons now is serving as Appellate Court clerk by appointment, filling a vacancy created by the death earlier this year of James R. McLaughlin. McLaughlin was elected in 1968. The clerk's term is for six years. Simmons lives in Venice.

All incumbent Democratic county officeholders attended the Democratic board meeting, which was held in the Sunset Hills Holiday Inn. Simmons said that following the talks by the con-con candidates, approximately 27 members of the 35-man executive board and the county officeholders informally discussed election plans. He said no endorsements were discussed.

It was understood that one of the major problems confronting the Democratic organization is the election of precinct committeemen who are chosen in the primary. The party stands to lose 11 of its "most active" committeemen because of the merit system initiated in the sheriff's office last May.

To Lose Party Workers

Under regulations, employees of the sheriff's office cannot hold political positions. This means, one source reported, that 11 Democratic committeemen now employed in the sheriff's department will be unable to seek re-election in the primary balloting in March.

In announcing his candidacy for the sheriff's nomination, Maerz said: "I believe I am well versed in both county government and police work, both important if one wants to be an effective sheriff. This background of experience now causes me to conclude that I could ably run the office of sheriff of Madison county."

Maerz, 43, is now completing a four-year term as county treasurer, a post to which he was elected in 1966 when he was serving as administrative circuit clerk. Prior to that, Maerz was chief deputy probate clerk before that court became a division of the circuit court. For ten years he was a court clerk at 1608 Elizabeth avenue.

To File Dec. 8

Maerz said he intends to file his petitions of candidacy on Dec. 8, first day of the filing period. He said he notified the county's 180 Democratic precinct committeemen of his intentions to seek the nomination early this week. Maerz is married and has a son and daughter.

He attended Madison schools, is a world war II veteran of the Marine Corps and belongs to various veterans, civic and fraternal organizations. He is a past president of the Madison county Police Officers Association, and is a member of the Episcopal church.

Fraundorf, who served as sheriff from 1962 to 1966, said he had placed petitions of candidacy in circulation, but said he is not making an official announcement of candidacy at this time. Fraundorf has been employed as a security guard at the Madison high school, but he submitted his resignation from that position earlier this week, effective as soon as the

Park Association Plans Foundation

Members of the Venice and Granite City park district boards attended the joint annual Illinois Parks and Recreation conference, held recently in Springfield. The district attracted 1500 participants, the largest attendance in the history of the conference.

Those from Venice who attended were Le Roy Kutz, William Ohlendorf, Clifford Cawner, John Mitchell, Mrs. Ola Mae Dandridge, Miss Margaret Fichte, Charles Simmons, Leo Davinroy and Pete Ponce. Granite City members attending were Henry Gabriel, Milton Worthen, Supt. Harold Brown and Atty. Randall Robertson and Secretary Frank Rea. The latter two attended a one-day legal seminar, while the other members remained for the full week conference.

The conference is co-sponsored by the Illinois Association of Park Districts and the Illinois Park and Recreation Society with the Springfield Park District and Recreation Commission serving as hosts.

Formation of an Illinois Parks and Recreation Foundation was announced at the conference by Kenneth Miller, Carbondale park district commissioner, and a foundation trustee. Its purpose will be to provide grants for research, publications, scholarships, and, when sufficiently funded, to aid park districts in developing special projects.

Miller said the foundation had been established with a \$1000 gift from the IAPD Memorial Fund, and a campaign was under way for additional \$1000 gifts from corporations and individuals.

He described the new foundation as the answer to a long existing need to develop other sources of much needed revenue, other than property taxes. It is similar to the Open Lands Project of Chicago, and the Open Space Action of New York.

The board of directors tentatively scheduled the 1970 conference for Nov. 11-14 in Chicago.

Banks to Be Closed On Veterans' Day

All four Quad-City banks will observe Veterans' Day Tuesday, Nov. 11, by remaining closed throughout the day, a spokesman said this week.

Those planning to be closed are the First Granite City National Bank, Granite City Trust & Savings Bank, First National Bank in Madison and American National Bank of Granite City.

Other offices to be closed in observance of Veterans' Day, will include all government installations at the Granite City Army Depot and the Post Offices in Venice, Madison and Granite City.

City offices in the city halls of the Quad-Cities also will be closed, and the Madison county meeting, scheduled for Nov. 11, has been postponed until the next day.

The holiday will also be extended to all Quad-City public and parochial schools and to the county court house.

Frank Clement Killed

Frank G. Clement, well-known here and three-time state governor, was killed Tuesday night in a head-on auto crash near his home at Nashville. He spoke at Granite City high school after becoming, at the age of 32 in 1952, the youngest governor. Keynote of the 1958 Democratic national convention, Clement lost to Republican Howard H. Baker Jr. in the 1966 U. S. Senate election.

Undefeated Trojans in Finale Here Tomorrow

An opportunity to finish the 1969 football season with an undefeated record awaits the Madison high school Trojans tomorrow.

"The Trojan eleven, after four road games, will play a home contest at 7:30 p.m. Friday as the undisputed Midwestern Conference champions. The Bethalto Eagles will furnish the opposition in the season finale."

Madison has not beaten Bethalto since 1964. Entering this game last year, the Trojans were carrying the same 40 conference record. In losing 14-13, they were forced to share the championship with Bethalto and Dupo.

It is too late now for the Eagles to tamper with who wears the crown this season but MHS still has memories of the frustrating 1968 game and will be hoping to score a victory.

Fumbles Decisive
Coach Al Vander Haar reminisces, "We gained over 300 yards and held them to minus yardage. Fumbles gave the game away."

"The team remembers how, after it had done so well, letting up for just one game meant so much. Remembering that loss has brought us 'up' for the Bethalto game this year."

Eagles Coach Ed Hartwegger is not reticent in describing

Bethalto, idle last week, was told to Mater Dei of Breese 36-10, Triad 28-7 and Roxana 20-4. The Eagles defeated Highland 45-16 after losses to Dupo 7-6, Jerseyville 50-13 and Wood River 14-0.

'Must' Game at Belleville West For Title-Seeking GCHS Gridders

The winner of the Granite City at Belleville West football game at 8 p.m. Friday will be guaranteed a share of the Southwestern Conference championship and a chance to own the title alone.

The Warriors have a 4-1 conference record, while Belleville West boasts a 4-0 mark. Also contending for the championship is East St. Louis at 3-1. Other games that will help decide the outcome of the title race are the East St. Louis Flyers at Collinsville at 8:30 p.m. Friday and the Flyers vs. Belleville West game at East St. Louis Thanksgiving Day.

Tigers Eliminated
Edwardsville, with a fine 4-2 record, has been eliminated be-

cause at least one of the three contenders will finish with fewer than two defeats.

A defeat at Belleville Friday would eliminate GCHS. A tie Friday would allow a Warrior title to only if Belleville West loses to East St. Louis and if the Flyers are held to a tie by Collinsville. This combination of results is unlikely, so Granite City appears to have no alternative to a victory. It must "go for broke."

It has been a decade since the Warriors have beaten West. In 1959, the Warriors were 6-0 victors.

Maroon Record Impressive
This season, the Maroons' thumped Mount Vernon 55-0 and then lost at Belleville East 28-8.

These scores indicate that GCHS and Belleville West played equally well against Collinsville, the Warriors performed one touchdown better against Wood River than did the Maroons, and Belleville West was one TD better against Alton.

But against both Quincy and Edwardsville, the Maroon scoring was four touchdowns per game better than the GCHS performance against those, opponents.

Evans, Ganz, Corey Ready
Belleville West is an experienced and capable team, and the Maroons having the home field advantage tomorrow night, Warrior Coach Wayne Williams may have to pull a rabbit out of his hat to achieve a victory. Fortunately, he often has shown an ability to do that, producing winning and high-scoring squads at West Frankfort, Wood River and Granite City.

Regular starting Warrior Quarterback Dave Evans, after missing the bench last week, will probably return to signal calling against the Maroons although his shoulder remains and may hamper his passing effectiveness to a slight extent.

Don Harris showed an ability to pinch-hit at quarterback in the Halloween night victory over Quincy.

Steve Ganz, after missing two games, and Stan Corey, who saw limited action against Quincy last week, both are expected to return to the backfield.

Coach Williams is deferring final judgment on who will start until game time, with the hope to replace Stan Corey with Jim Greenwood, a starter last week for the first time this season. Greenwood scored three touchdowns to provide the victory margin.

Williams sees Belleville West as a team much like the Warriors, with a balanced running and passing attack and a complete defense. Each seeks to methodically put together long series of first downs on offense and limit yardage on defense.

Reviewing standout Maroon gridders, Williams notes, "I'll miss them, but they're not balanced, I'll have to make the whole team."

Caravia Sets Scoring Pace
"I guess their No. 1 'honcho' is Rick Caravia."

Caravia is a power-type runner and in the usual ball carrier when the Maroons near the goal line. He leads Southwestern Conference players in individual scoring for the season with nine touchdowns, and 13 point-after-touchdown kicks to total 67 points.

Caravia's backfield cohort is Rocky Ballard, who is a broken-field type runner. He is not particularly fast but is difficult to stop once he is in the open. Last week against the Edwardsville Tigers, Ballard tallied 27 yards from three yards and 52 yards out.

Team Averages
West's quarterback, John Bunch, has directed the team to 27 points in eight games, the highest total in this area.

Granite City's offense has notched 159 points in seven out-of, a 22.7 per game average compared to the Maroons' 34.0.

Defensively, the Maroons have allowed 70 points, an 8.75 average, and GCHS has given up 66, a 9.7 average.

Coach Williams predicts, "An effort like we had against East St. Louis should do it."

"It's our most important game—our last game. We'll be playing for the conference championship. If that doesn't make the game important, nothing will bring out a big effort, nothing will."

New Trojan Basketball Coach Leading Drills

Trojan cagers have begun light practicing under their fourth new head coach in four years, Larry Graham.

Last year, as head coach of St. Elmo high school with an enrollment of less than 250 students, Graham had a team which finished with a 12-13 record and advanced to the finals of an Illinois High School Association regional tournament.

Returning from last season's Trojan squad, which finished in a three-way tie for third place in the Midwestern Conference and had a 9-15 overall record, are Tom Noel, William Cannon and Charles Pogorelec.

Other veterans, who have been playing on the championship football team and are scrimmaging later are John Ervin, Oscar Hagler and Joe Dozier.

Pointmaker, Rebounder
Hagler, the highest scoring returnee, totaled 191 points; sinking 71 of 184 field attempts and 40 of 87 free throws. He captured 44 offensive and 85 defensive rebounds.

Noel dumped in 130 points, hitting 39.3% from the field and 63.8% from the foul line. He totaled 86 rebounds.

Ervin brings a record of making 35% of his field goals and 69.5% of his foul tosses for 102 points.

Dozier contributed 72 points, added 38 points on the team's cause and Pogorelec tallied 16 points.

Rosaleen Baggot Wins 3 Firsts in Swim Meet

In a YMCA swim meet for youngsters eight years and under, Rosaleen Baggot, seven-year-old daughter of Dr. and Mrs. Gerard M. Baggot, 2650 Edison avenue, captured first place wins in three different events.

The dual event, between the local YMCA and East St. Louis YMCA, was held at the East St. Louis pool Monday evening, with the local swimmers, 59-42. A lack of team members on the Granite City squad required forfeit in relay events.

Rosaleen Baggot, whose five-year-old brother, Breeley, also competed in the meet but failed to place, took first place in 25-yard butterfly, 25-yard backstroke and 50-yard free-style races. She is a pupil at Sacred Heart parochial school.

Another swimmer for the local "A" team, Fred McGeehan, the youngsters will compete Saturday in the Ozark AAU Novice Meet, to be held at the Jewish Community Center natatorium in St. Louis.

Gray Heads List of Returning Red Devil Basketball Lettermen

Venice high school's Red Devil cagers are practicing weekday afternoons and look forward to improving their 12-13 record of last season.

Other returning starters are Robert Coleman, 5-10 senior guard, and Cedrick Gardner, 6-1 junior center. Coach Bill Gardner notes that Gardner has grown and appears to have improved in ability with his increased height and weight.

Of the other Red Devils scrambling for the team, Doug Johnson, 5-11 sophomore, appears to be one of the most promising. All games will begin at 8 p.m. except in tournaments.

Dec. 2—at Bunker Hill.
Dec. 6—Marissa here.
Dec. 9—Livingston here.

Ogilvie Says SIU 'House' Affects Public Sympathy

Decision of Southern Illinois University officials to proceed with construction of a \$900,000 residence and guest house for SIU President Delmar Morris on the Carbondale campus "was a most unfortunate decision," Gov. Richard B. Ogilvie said at Springfield yesterday. "This really makes it difficult to have people understand why there is a need for large allocations of state resources for education when something like this happens," he told newsmen in a press conference. Meanwhile a special subcommittee has been named by the Illinois Board of Higher Education to probe further into the decision. The committee will also look into the financing of the push residence and decisions by the SIU board of directors that resulted in construction of the house without approval of the higher board. The work is now about 30% complete.

Report is Critical
The subcommittee was named after the Board of Higher Education on Tuesday accepted a report critical of SIU officials and called for an investigation that could lead to "the resignation or removal" of those responsible. The report indicated the action had been taken on advice by Dr. John S. Rendleman, now chancellor of the Southwestern campus of SIU but who was vice-president for business at Carbondale, and said that most of the actions by the university's board of trustees in seeking construction of the home was done in executive sessions for which there are no minutes or other official records. Some university officials previously said that no strict accounting was necessary because the university house was not built with state appropriated money.

Marshall Club Gets Sighting-In Award

The John N. Marshall Gun Club, Granite City, has received a National Rifle Association Public Service Award for conducting a "sighting-in-day" to prepare area hunters and their equipment for the hunting season. The club is one of hundreds throughout the country that conduct the NRA sighting-in day program each year. The affiliate clubs open their ranges to sportsmen prior to the hunting season as part of the overall hunter safety program credited with continually reducing the hunting accident toll and increasing hunting skill. More than 21 million licensed hunters will be taking to the fields this year.

Daniel Partney Relates Advisory Team Experience

Combined efforts by U. S. Forces from all branches of the military service, geared to the task of motivating the South Vietnamese people to become more self-sufficient, was noted this week by a young soldier who returned Monday night from Vietnam, where he served with an advisory team in Quang Tri Province.

Army Sp4 Daniel J. Partney, 26, husband of the former Miss Beverly Partney, Major Donald Partney, arrived home this week after a 357-day duty tour with a specialized advisory team in the northernmost province of South Vietnam. Major Partney was a few minutes late for Monday night's council session and explained he had gone to the airport to meet his son.

Prior to leaving the area in which he served the entire 12 months, Sp4 Partney was awarded the Vietnamese Cross of Gallantry with Silver Star and the Vietnamese Honor Medal. The medals were presented by Col. Nguyen An Quang Tri Province chief who holds an equivalent position to the senior U. S. advisor in the province.

The local serviceman also received the Bronze Star Medal for meritorious service in connection with military operations in Vietnam last July. He entered the service on June 10, 1968, and expects to remain on active duty in the Army another six months.

Operating in Quang Tri Province, just below the Demilitarized Zone, Sp4 Partney's advisory group was known only by its designated number, Team 19.

The locale where Team 19 functions, primarily consists of small hamlets and is sparsely populated, other than in the immediate village area.

The soldier said the populace, in general, is farmers and peasant boys, Viet Cong and, until recently, Marines of the Third Division. The Third Marine Amphibious Force was pulled out of the Quang Tri sector not long ago, he explained.

The area assigned to Team 19 also contains the Sanh, the mountainous stronghold and site of intense bombardment and engagements between U. S. Marines and North Vietnamese forces in February 1968.

The main Advisory Team force usually consists of 150 men, operating with South Vietnamese troops on a province-wide basis. The serviceman said. Each province is divided into districts, with smaller teams of 30-25 men operating on a local level.

Even more specialized jobs are undertaken by Mobile Advisory Teams (MATs), generally comprised of two officers and three or four senior non-commissioned officers, he explained.

Primary objectives of the U. S. Advisory Teams are to motivate the people to the South Vietnamese government's official position, to encourage the village dwellers to have confidence and, at the same time, to upgrade conditions in the hamlets.

Health and sanitation conditions in the villages are very poor, the soldier said, with many South Vietnamese still practicing ritual-style cures for sickness.

The people are extremely "leery" of the U. S. troops when teams first enter an area, but requests for an American doctor increase as the region becomes pacified.

Responsibility for security and perimeter defense in the regions where U. S. Advisory Teams are operating in the northern provinces rests with the Regional Forces - Popular Forces (RFPF), South Vietnamese troops similar in composition and purpose to the National Guard. Sp4 Partney said.

The RFPR also provides security measures for their own hamlet and work with the U. S. troops as interpreters, when needed. The soldier noted, however, that when living and working with the South Vietnamese, the Americans quickly learn phrases and words in the native language, enough to make themselves understood.

Areas in which advisory teams are assigned usually are screened and graded prior to specification. Many villagers, as well as the local police, are assigned usually are screened and graded prior to specification. Many villagers, as well as the local police, are assigned usually are screened and graded prior to specification.

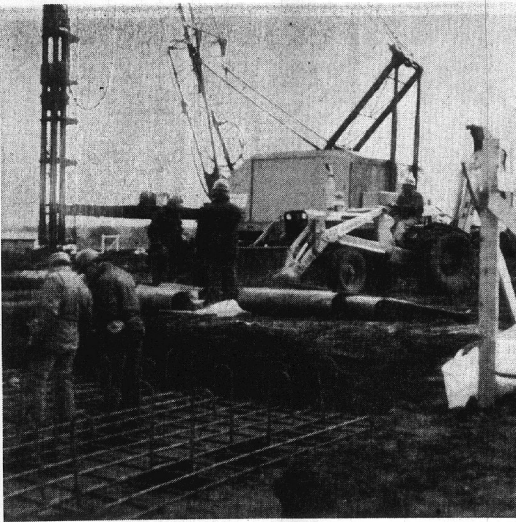

Teams, such as the local serviceman's, have operated in Vietnam since 1958 and, as far as Sp4 Partney can see, will be needed in Vietnam "for a long time to come."

In his estimation, most Vietnamese military officers know they must soon stand on their own and believe they are capable of protecting themselves, provided U. S. logistical support is maintained.

The average farmer, especially in the northern provinces, doesn't think quite the same way, he noted. "He usually believes that should the U. S. troops pull out, the North Vietnamese will come down and get them."

The effectiveness of RFPR forces in protecting the U. S. teams is underscored by the fact that only three team members were killed and 16 wounded during the Granite City soldier's service with the unit.

Sp4 Partney will spend a 30-day leave at home, after which he will report for assignment to Fort Leonard Wood, Missouri.

Labor Council Opposes Sunday Store Opening

The Tricities Trades and Labor Council approved last night a resolution opposing the Sunday opening of grocery markets in the Quad-City area. Council President Edwin Reiske said the resolution also opposes generally the Sunday opening of any stores.

The council approved a donation of \$25 to the Tree of Life campaign, and voted support of the Cooks and Waitresses Union, Local 461, in its information picketing of Burger-Queen at 2700 Madison avenue. A donation of \$100 to Local 461 was approved and delegates agreed to a plan to aid the union in picketing the shop with volunteer help from other unions.

More About Levee Board

"If I intend to exercise my right as a board member and call for the reading of every bill in open meeting," Under present practice, board members, in open session, approve nothing more than a "finance report" which is not read, and total payroll and claim figures are not even publicly announced. Newsmen usually obtain the payroll and claim figures after the meeting from Chief Clerk Ben Campbell.

The Madison county trustee also announced that he intends to introduce at the next levee board meeting a resolution that will require every employee of the levee district to be a resident within the district, another policy that is not presently followed by the board.

Need a Comptroller

"If I encounter any further difficulty over board action on bills," Ebersold said, "I intend to call for the appointment of a comptroller, which I think the district needs. A good accountant with no political strings who could handle all the financial operations would be a blessing."

Ebersold said he also objected to the large payroll for October, particularly since he had been urged to reduce the Madison county payroll during the month because of a shortage of funds. He said he was told there would be no substantial cutbacks in the St. Clair county payroll.

Instead, he said, he learned yesterday that payroll bills subject to approval in yesterday's meeting amounted to \$24,941 for the period of Oct. 1 to 15, and totaled \$26,302 for Oct. 16 through Oct. 31.

Received Tax Income Financial records show that the levee district started the month of October with a balance of \$59,927. During the month the district had income of \$26,302, which \$28,630 was in St. Clair county taxes.

After distributing \$313,769 of the income to the district's various bond reserve accounts, and paying salaries and claims, the district ended the month of October with a balance of \$57,514.

The levee district has received most of its 1968 tax distributions. Although its new fiscal year begins Jan. 1, the district does not adopt its new tax levy until mid-February. As a result, it will be unable to anticipate additional funds until the tax levy is adopted, and therefore is expected to encounter rough financial problems during the next three months.

FBI Director Warns-Don't Judge by Appearances

Prosperous hoodlums are not the "pillars of society" that pretend and most of them are brutal, ruthless killers, FBI Director J. Edgar Hoover has warned in a message distributed to law enforcement officers throughout the country.

The text of Hoover's message: "It has been aptly stated that we should beware of judging men by their outward appearance. This warning takes on added significance when applied to the criminal hierarchy of our country.

"Prosperous hoodlums are neither the 'pillars of society' that pretend to be nor the 'friendly neighborhood book-makers' of traditional fiction. Despite their zeal for a cloak of respectability and their preference for expensive clothing, wealthy neighborhoods, and famous friends, there is nothing respectable or glamorous about them. Most of them are brutal, ruthless killers, possessing little compassion and no social conscience.

"One national Cosa Nostra leader, noted for his contacts in the entertainment field, was the leading suspect in three murders before he was old enough to vote. Another major associate was to have participated in more than 20 gangland slayings over the years.

"The national Cosa Nostra members, 'our men' or 'our business,' and the mob's viciousness, violence, brutality, and subduing rebellious union members, fighting competition in legitimate industries, and informing witnesses and informants, collecting on gambling and loan-sharking debts, seizing control of certain forms of business, removing rival mobsters, and enforcing discipline within its own ranks.

"If anyone thinks of gamblers and racketeers in the Hollywood fashion of gruff, but warm-hearted, bumbleresque, wearing ties and possess funny nicknames, let him dismiss that idea right now.

"What is warmhearted about a long-haired victim handcuffed to a basement pipe and beaten savagely because of a delinquent or a suspected informant implicated on a meat-hook and tortured to death; or two rival mobsters, one wearing a hat and a third thrown alive into a flaming furnace; or a young husband strangled because he won't surrender his wife to a racket boss smitten with her?

"Or what is funny about an 11-year-old boy blown to death, and his 12-year-old brother seriously injured, by a bomb exploded for their father, who incidentally was killed in the same explosion?

"Believe me, my friends, I am impressed by the free-sending, glamorous company of one hoodlum was wholly responsible to sergeant on Nov. 1965, and was appointed chief of police on Jan. 1, 1967.

And narcotics can destroy the vital fiber of the future — our current generation of high school and college students.

"Although Federal, State and local law enforcement agencies throughout our country are engaged in an unending struggle against the bleeding wound, little headway will be made without the full cooperation of a dedicated and alert populace. And that populace will never be dedicated or alert as long as it thinks of organized crime in terms of a 'harmless,' 'street-corner bookmaker' and the 25-cent numbers bet.

"The true appearance of organized crime is a facade of deceit. In the future, whenever we think of hoodlums and racketeers, there is nothing respectable or glamorous about them. Most of them are brutal, ruthless killers, possessing little compassion and no social conscience.

"One national Cosa Nostra leader, noted for his contacts in the entertainment field, was the leading suspect in three murders before he was old enough to vote. Another major associate was to have participated in more than 20 gangland slayings over the years.

The national Cosa Nostra members, "our men" or "our business," and the mob's viciousness, violence, brutality, and subduing rebellious union members, fighting competition in legitimate industries, and informing witnesses and informants, collecting on gambling and loan-sharking debts, seizing control of certain forms of business, removing rival mobsters, and enforcing discipline within its own ranks.

If anyone thinks of gamblers and racketeers in the Hollywood fashion of gruff, but warm-hearted, bumbleresque, wearing ties and possess funny nicknames, let him dismiss that idea right now.

What is warmhearted about a long-haired victim handcuffed to a basement pipe and beaten savagely because of a delinquent or a suspected informant implicated on a meat-hook and tortured to death; or two rival mobsters, one wearing a hat and a third thrown alive into a flaming furnace; or a young husband strangled because he won't surrender his wife to a racket boss smitten with her?

Or what is funny about an 11-year-old boy blown to death, and his 12-year-old brother seriously injured, by a bomb exploded for their father, who incidentally was killed in the same explosion?

Believe me, my friends, I am impressed by the free-sending, glamorous company of one hoodlum was wholly responsible to sergeant on Nov. 1965, and was appointed chief of police on Jan. 1, 1967.

Peace March Planned Nov. 14 At Civic Park

Varied opinions were expressed by Granite City aldermen concerning a request by the Quad-City Citizens for Peace to hold a candlelight march around Civic Park in the downtown district on Nov. 14, the eve of the proposed second Vietnam moratorium.

Because the sidewalk is public property, permission was given for a peaceful march without endorsement by the council. The request was submitted by Mrs. Dorothy Robertson, 2005 Richmond avenue. In the letter of request from Mrs. Robertson it was stated, "Our sole intent is to reach as many people as possible for a united effort to end the war in Vietnam; to give our executive leader our position and to help our government extricate us from senseless killing and waste."

"Our conduct will be as peaceful as the cause we espouse." After the letter was read, Alderman Whitmer suggested it be placed on file. "Anyone can use the sidewalk. It's public property, but the park is under the jurisdiction of the park district," he said.

A spokesman for a group of about eight women, Mrs. Mathilda Olsen, 2013 Delmar avenue, stated: "We plan to walk on the sidewalks, peacefully with candles and read off the names of local boys that have been killed. We hope that churches will sound their bells. We realize this is an explosive and controversial issue, but we plan to be peaceful."

She added that the group would be distributing leaflets. She said the group had been advised that an ancient law of the park forbids gatherings in a park.

Mayor Partney commented that he termed the activity "sort of a parade," adding that permission was needed, and that the city would hold Mrs. Robertson responsible "if there is a disorder."

Mrs. Robertson said she would gladly accept such responsibility.

Alderman Basarich commented that he was a former serviceman and asked, "How can you end a war without blood?"

Alderman Moellen remarked that he has a son in Vietnam, "and I think the ladies are doing a good thing and have a right to express their opinion." Basarich added, "But, the council should not be implicated."

Alderman Boker said, "I will vote for permission to walk, but I'm not for the moratorium."

Taking the floor, Alderman Dallas remarked, "This is freedom of speech. In my opinion, this is the most useless war there is. I have two boys of age just about ready to go. This war we don't belong in, and I feel we will keep on getting in them. I've been through a war, and I don't want these young kids having to do the same."

Alderman Noni said, "Before the vote was taken, 'By granting permission, we're not endorsing this. We're just giving the people their right.' The vote was 9-0-5."

New Trimpe Title -- Supt. of Educational Service Region

Ray Page, Illinois superintendent of public instruction, has advised county superintendents of schools of the new title name under which they now serve and also the qualifications for the office to be eligible for a place on the ballot in the 1970 election.

All this came about when Gov. Richard B. Ogilvie signed into law House Bill 1470 and 1473 on Aug. 11. Page noted Tuesday. The new laws change the title of County Supt. Wilbur R. L. Trimpe to "Superintendent of Educational Service Region, Madison County."

Bill 1470 provides that a candidate must have the following qualifications:

1. He must be of good character.
2. He must have a master's degree.
3. He must have earned at least 20 hours of credit in professional education at the graduate level.

New Law Calls For Changes at State Hospitals

Gov. Richard Ogilvie recently signed House Bill 2292 into law, amending the Act establishing the Department of Mental Health's powers and duties concerning patients 18 years of age and under. The intent of this legislation is to require such patients to be housed in separate facilities.

Dr. Abraham Simon, superintendent of Alton State Hospital, said, "The three units here have completed arrangements for their youngsters to be housed in separate facilities according to the new law, and the youth programs will be fully implemented by Dec. 15."

The units represent geographical areas, and have been divided in this manner according to population. They are Madison County Unit, St. Clair-Monroe County Unit, and Eastern Counties Unit, serving the 17 counties of Mental Health Zone VII.

The three units have an average population of 57 patients. At Alton State Hospital, the change-over is being accomplished by transferring patients assigned to a particular program, such as the following categories: delinquent treatment programs, youth, adult, chronic adult, geriatric, mentally retarded, and alcoholic.

After Jan. 1, no person 18 years of age or under may be housed with older patients except in medical-surgical units because of physical illness or when in need of temporary security measures.

HAYRIDE BY LAKE SCHOOL BROWNIES

Brownie Troop 1156 of Lake school left the school late Monday afternoon for Middlegate Stables, Glen Carbon, where the girls went on a hayride.

Aboard a tractor-drawn hay wagon, the girls were taken on an hour's tour through woods and fields. They returned to a picnic area for a wicker roast. The scouts enjoyed roasted wieners, potato chips and toast.

Marshmallows, purchased from the troop treasury and hot chocolate furnished by Mrs. Ruth Bauer and Mrs. Francisca Rowden.

After the meal, another trip was taken in the wagon, this time after dark.

PRIMARY SUNBEAMS ADOPT A SERVICEMAN

Primary Sunbeams of Second Baptist Church, met Tuesday afternoon with the leaders, Mr. and Mrs. Bob Lewis. A five-week study of Israel was begun and maps, posters and pictures were used to relate a story "The Three Davids."

A local serviceman, Pvt. Donald E. Bellman, was "adopted" by the group and a get well card was sent to him. Pvt. Bellman has been ill in a hospital in California.

Prayer was given by Mrs. Lewis and refreshments were served to 16, including Mrs. Arlene Smith, who assisted.

The November meeting of the Women's Society of Christian Service of the Dewey Avenue United Methodist Church met Tuesday evening in the church basement with the president, Mrs. Gladys Potillo, presiding.

Charles Hileman showed slides of his recent tour of Europe with the DeMolays. He is the retiring master councilor of the DeMolays.

Devotions were given by Mrs. Wilma Ambury. Plans were made to meet and prepare Christmas boxes for servicemen of the church. The group recently prepared "dirty bags" and sent them to the Red Cross for servicemen in Vietnam.

Refreshments were served by the hostesses, Mrs. Virgie Settle and Mrs. Grace Lensing, to Mrs. Ambury, Mrs. Potillo, Mrs. Violet Miller, Mrs. Minnie King, Mrs. Fern San Soucie, Mrs. Alma Davis, Mrs. Mayme Waggoner, Mrs. Benold Bilyeau, Mrs. Medora Shaw, Mrs. Virginia Kessler, Mrs. Edna Wilson, Mrs. Shirley Lane and a guest, Mrs. Jean Bilyeau.

The Christmas meeting will be held in the home of Mrs. Ambury on Dec. 16.

Mr. and Mrs. Dayton Shaw, 2137 Illinois Avenue, and Mr. and Mrs. Ray Potillo of East 56th Street spent the weekend touring the Ozarks. Among the sights they visited were Caledonia County and the Taum Sauk reservoir. They returned home late Sunday evening.

SIXTH BIRTHDAY

Carla Brooks, a daughter of Mr. and Mrs. H. O. Brooks, 3319 East 23rd street, celebrated her sixth birthday with friends and classmates at a party given by her parents in their home Sunday. The honoree is a first grade student at Webster school.

The hostess utilized a birthday motif in the table appointments, with a large cake decorated in shades of pink and white serving as centerpiece. Following the opening of gifts, games were played and those winning prizes were Mark Sweeney, Sherry Watkins, Tammy Ezell, Ricky Watkins, Mike Sweeney and Becky Hipland.

A dessert luncheon of cake and ice cream was served to the honoree, her brothers, Mike and Kenny Brooks, Mrs. Holland and daughters, Betty and Becky, Mrs. Sweeney and children, Debbie, Mark and Mike, Mrs. Bridges and daughter, Treva, Mrs. Watkins and children, Buddy, Sherry and Dale Richard, and Tammy and Dale Ezell.

ATTENDANCE CONFERENCE ON OUTDOOR TROOP EVENTS Mrs. Victor (Vivian) Davis, 2639 Dogwood drive, returned home Sunday evening from an East Bay leaders' "conference" held in Hudson, Ill., on Lake Bloomington during the weekend. The conference was entitled, "Is Your Outdoor Experience Just a Twig on Your Troop's Growing Up Tree?" It was sponsored by the Centennial Girl Scout Council of Bloomington, Ill., and the Tulip Trace Council of Bloomington Ind.

Mrs. Davis is director of day camp for the River Bluffs Council here and also serves as chairman of Neighborhood Three Girl Scout leaders. Also attending from Granite City was Mrs. Joan Cotter, program service chairman of the River Bluffs Council.

Featured speakers were Catherine "Kit" Hammit, author of "Your Own Book of Campcraft," who spoke on camping in the Girl Scout program, and Dr. Roy Carlson, a noted naturalist and conservationist, who spoke on conservation in camping.

Mrs. Davis attended a workshop on "trip camping" and "progression in the outdoor program," conducted by national staff consultants. Also on the agenda were demonstrations on one and two-man sailboats and a canoe-over-camp rescue.

A tent camping village including a kitchen and bath-

house, were constructed by 40 Mrs. Lee instructed the girls camping leaders from the Illinois State and Indiana State Universities.

Mrs. Winnie R. Stotz of Macouah, Ill., is visiting this week in the home of her son and daughter-in-law, Mr. and Mrs. Norman Stotz, 2571 Hodges Avenue. She attended a luncheon Monday afternoon with her daughter-in-law for several of the Early Bird Bowling League members.

Mrs. Stotz recently returned from an extended vacation, touring the western states. She was a guest in the home of her daughter, Mrs. Evelyn Jones and family of Norwalk, Calif., former residents of Granite City, for six weeks.

WEBSTER OPEN HOUSE, PTA MEETING MONDAY Mrs. Annette Scrim, president of the Webster PTA, presided over the November meeting of the executive board Monday evening at the school, with 11 members attending. Plans were made for an open house and a general PTA meeting Monday, Nov. 10.

The faculty will host the open house from 7 p.m. to 8 p.m. in the individual classrooms, enabling parents to view their child's progress. One fourth grade and one sixth grade class, held at the Grace Baptist Church, will hold their open house from 3 to 4 p.m. A membership booth will be at the entrance of each room under the direction of Mrs. Alma Boente.

A PTA business meeting will follow in the gymnasium, with the speakers Detective Sgt. Joe Nemeth and a guest who will speak on "Drug Addiction." The teachers will be in charge of refreshments.

The PTA 445 discussed an appreciation tea for the "spook carnival" workers and a Paul Lingie, treasurer, gave a report on proceeds of the annual event. The PTA will sponsor a garage rummage sale Friday and Saturday from 9 a.m. to 3 p.m. in the home of Mrs. Lucy Link, 2553 East 27th street. Those who wish to help may contact Mrs. Allene Moore, 876-1577, or Mrs. Scrim, 452-2149.

Tentative plans were discussed for a Christmas project and suggestions were offered for the annual sixth grade event.

Members participating were Mr. and Mrs. Clyde Lee, Eugene Miller, Mrs. Barbara Blackburn, Mrs. Carmen rider, Mrs. Eva Arbagast and Mrs. Doris Stotz.

STUDY FLAG ETIQUETTE Flag etiquette was studied at a weekly meeting of Junior Girl Scout Troop 704 Monday at Webster school under the leadership of Mrs. Mae Lee and Mrs. Elizabeth Griffin, and the troop continued work on the book badge.

The Flintstone patrol conducted a flag ceremony in the gym to call the meeting to order as the scouts repeated the pledge of allegiance and scout promise and sang "America."

Eagles Canned Goods Dinner Set for Nov. 19

Eagles Aerie 1126 will hold its 23rd annual Salvation Army canned goods kickoff dinner at 7 p.m. Nov. 19 at the Eagles lodge, it was announced by Thomas Rickert, president.

Members of the Eagles again have a goal of 5000 cans of food to be distributed to needy families at Christmas in connection with the Salvation Army's Tree of Lights program.

Main speaker at the dinner will be Jesse Brown, a member who initiated the Eagles' program 25 years ago, it was announced by Chris Von Nida, chairman of the event, and Paul Lampe, assistant chairman.

Von Nida said that for the first two years of the program, the lodge handled its own distribution of canned goods and food baskets but determined that a central distribution agency as the Salvation Army was preferable.

Von Nida also noted that the lodge has always made its goal of 5000 cans.

Also on the speaking program will be State Rep. Horace Calvo of Granite City, and special guests will be Salvation Army Capt. and Mrs. Harold Thomas of the local chapter, Mrs. Lily Chaboude, Tree of Lights chairman; Rev. Paul Surbey, pastor of St. John United Church of Christ; Roy Lynn, a member of the SA board of directors; and out-of-town personnel.

Serving as master of ceremonies will be James Whalby, worthy conductor of the lodge. A turkey dinner with all of the trimmings will be prepared and served by the Eagles Auxiliary.

Tickets at \$2.50 each will help finance the canned goods drive and may be obtained from members at the Eagles lodge or will be delivered by phoning 876-8228.

State Farm Groups Will Meet Nov. 17-20

Two organizations not affiliated with the Illinois Agricultural Association will hold annual meetings in conjunction with the IAA meetings. They are Land of Lincoln Soybean Association, to meet at 1:30 p.m. Tuesday, Nov. 18, and Illinois Produce International, 1 p.m. Wednesday, Nov. 19.

District Homemakers Study Meat Inspection

The Southwest District of the Madison County Homemakers Extension Association met Tuesday night at Hope Lutheran Church with the chairman, Mrs. Ruth Brave. Seventy-five members of the Granite City, Tripp and Isabel Beaver units attended, as well as nine guests.

Mrs. Mary Knecht, Madison county assistant extension advisor, introduced William Neumann, Floyd Langenwaller and Edward Feudo, federal meat inspectors assigned to the East St. Louis station. The three presented the program and showed a film on federal inspection and grading of meat. They pointed out that it costs nine cents per person per year for the federal inspection program, and that the average person consumes 100 pounds of meat a year.

Mrs. Anne Pernell, who works with residents of the Kirkpatrick Homes to help them make their dollars buy more and to plan and prepare well-balanced meals using low-cost meats, spoke concerning her work.

Madison county is a pilot program in this project, she reported. Special entertainment was provided by nine members of the Eaglebees Kitchen band.

Plans were made for the district tour to the Shriner's Crippled Children's Hospital in St. Louis county for its May activity. Mrs. Lucille Lipe is in year term. The appointment was made by the state commander, Mrs. Norma Darnell, with the complete approval of the executive board.

Mrs. Minzes is an active working mother of the Quad-City Navy Mothers 850, as is Mrs. Darnell. She has one son, who served in the U. S. Marine Corps and another, David, who is a Navy Nurse at Memorial Hospital in Denver, Colo.

The offices she holds in the local club are first vice-commander and welfare chairman, both of which she has maintained for the past two years. Her loyalty to the club proves the National Navy Mother slogan "Once A Navy Mother, Always A Navy Mother," Mrs. Darnell said.

Members serving on the nominating committee are Mesdames Ivan Grankliff, Helen Love and Glenda Osburn. They will report at the next meeting.

Mrs. Ada Kelly was chairman for a cakewalk held as a fund-raising event at the meeting. Mrs. Ivan Grankliff unveiled a new traveling trophy, engraved "Southwest District Homemakers Extension Attendance Award." Mrs. Jerry Short accepted the trophy on behalf of the Tripp unit, which had the greatest percentage of members present at the meeting.

The previous attendance award, a "wishnick" doll, became the permanent possession of the Granite City unit, which had won it the most number of times. Mrs. Glenda Osburn accepted for the unit.

Refreshments were served by the kitchen committee, composed of Mrs. Myrtle Hickman, chairman, and Mesdames Dorothy Schanuel, Ada Matras, Diana Ross, Ann Pare, Doris Wilson and Evelyn Ringering. Centerpieces on the serving table was an arrangement of yellow and gold mums, created by Mrs. Pare.

The registration table, decorated with a pumpkin filled with mums, was presided over by Mrs. Marilyn Deatherage and Mrs. Ivan Grankliff. Name tags were replicas of the federal meat grade stamp, in a different color for each unit.

Guests were Mesdames Opal Lapinski, Edith Smith, Alva Stearns, Timothea Waller, Eleanor Roth, Janet DeRose, Katherine Busch and Joyce Baker and Miss Kathy Brave.

Units and their members attending were: Granite City unit, Mesdames Laura Travis, Evelyn Ringering, Ula Rief, Evelyn Greer, Marcie Johnson, Lynch, Frances Slubish, Vivian Rowden, Glenda Osburn, Elsie Stephens, Freddie McElroy, Charlotte Tempel, Virginia Carroll, Eleanor Kozak, Bernice Johannmeier, Rosalie Johannmeier, Mary Krizan, Gertrude Roth, Rosina Mangiaracino, Mary Uherck, Angie Stein and Ann Pare.

Isabel Beaver unit, Mesdames Marilyn Deatherage, Edith Ross, Shirley Fountain, Lorraine Josue, Romana Ross, Angie Brown, June Hubbard, Ada Kelly, Dorothy McCormick, Myrtle Hickman, Lucille Lipe and Diane Ross.

Tripp unit, Mesdames Naomi King, Jerry Short, Lucille Carroll, Golda Thornburg, Irene Kenner, Clara Schilling, Peggy Bargel, Mary Ellen Lewis, Villa Ridings, Mary Markham, Dorothy Schanuel, Eda Buerger, Rose Stearns, Mable Gerlich, Lela Seochtig, June Cox, Lillian McRaven, Ivan Grankliff, Emma Jakich, Helen Ozanich, Marie Cook, Ada Matras and Ruth Brave.

Mrs. Eugene Wehling, Madison county publicity chairman, showed the county scrapbook which had won a blue ribbon in statewide judging.

President Parley Elects Officers

An election and installation of officers of the Past Presidents Parley of the American Legion Unit 113 was held during a meeting in the Legion hall.

The new officers are Vi Kasabaum, president; Pauline Birks, vice-president and secretary; Georgia Kramer, treasurer; and Mary Breckenridge, chaplain.

Mrs. Evelyn McCollegan, past president, and Mrs. Mildred Rees were officers pro tem for Mrs. Birks and Mrs. Breckenridge, who were absent. Mrs. Ada Dishong served as installing officer.

The meeting opened with prayer by Mrs. Alma Klaus and the pledge to the flag by the group.

During the business hour, reports were given by several of the members and plans were made for a rummage and bake sale Friday at 8:30 a.m. at the Legion Home and for a banquet for the Last Man's Club Nov. 30 at 8 p.m. at the hall. Another event announced was the annual Christmas party and dinner at Petri's restaurant, Dec. 1 at 7 p.m.

After the installation and business meeting, there were games for entertainment and refreshments were served from tables decorated in keeping with the Thanksgiving season. Mrs. Ella McKittrick was the hostess.

Granite City Hopes to Block Water Company's Rate Hike

Representation for Granite City at the hearing for a 47% rate hike for East St. Louis & Interurban Water Co. was ordered Monday night by Granite City council members.

City Atty. Leon Scroggins was instructed to be present in Springfield on Nov. 17 when the second phase of the rate increase hearing opens before the Illinois Commerce Commission. The initial hearing was held in September.

Scroggins, in a letter to the council, pointed out he has been studying documents sent by the ICC to municipalities that have filed objections, and that attendance at the hearing on Nov. 17 probably would require his absence from the council session that night, since it is expected the hearing will continue for several days.

"Granite City should be represented," Alderman Nann said, pointing out that with the city attorney there to object, "there could be a definite hearing on the outcome. This rate increase will be paid by everyone—individuals and industries alike," Nann added.

In another matter concerning the water company, council action was deferred on an ordinance granting a special use permit for construction of a 2,000-gallon water storage tank on a 1.6-acre tract near Tri Mor Bowl, between Nameoki road and the railroad tracks.

The ordinance specified that the water company was to fence and landscape the tract. The motion for deferral was made by Alderman Moerlen and seconded by Alderman Jar-

Mrs. Laura Stulce, 54, of 24 Judith lane, Fairview Heights, sister of Adolph Lore of Granite City, was found shot fatally in her home Tuesday.

She was pronounced dead at the scene by Dr. C. C. Kane, St. Clair county coroner at 5:30 a.m. The body was discovered about 4:55 a.m. when the authorities were notified by a neighbor who noticed a light on in the Stulce home. The neighbor stated he had not seen Mrs. Stulce for some time.

Mrs. Stulce had been shot in the chest, and St. Clair county deputy sheriffs said a .410 gauge shotgun was found near Mrs. Stulce's body. An inquest will be conducted.

Mrs. Stulce was employed as a machine operator at Bridals Originals in St. Louis. A widow, she lived alone and her daughter, Mrs. James (Emmal) Ellington lived next door.

Also surviving are two other brothers and three sisters. Funeral services will be conducted in Bonne Terre, Mo.

The local members elected to participate in the annual Salvation Army bell ringing to assist the needy at Christmas and designated Roy Feder as club coordinator of this project.

Also discussed was the current community service program, "Operation Drug Alert." Committee members selected to

Over 180,000 in Illinois Receive Food Stamp Help

Over 180,000 persons in all 102 Illinois counties received food assistance through the U. S. Department of Agriculture's Food Stamp Program during September, according to Dennis M. Doyle, midwest regional director of Food and Nutrition Service.

The total included 162,486 on public aid and 17,599 other low-income persons.

During September, Illinois participants received over \$3.6 million worth of food coupons of which around \$954,000 were bonus coupons. This was a bonus average of \$5.30 per person.

In 979 midwest projects, around 798,000 persons were in the program during September. Total value of coupons was nearly \$15.5 million of which 31% was in bonus coupons. The regional bonus average was \$6.06 per person.

By participating in the Food Stamp Program, low-income families can buy more food by exchanging the amount of money they normally spend on food for coupons worth more than they paid.

Driving on cold ice and driving on "warm" ice are two very different things, according to Police Chief Ronald J. Velzer. "Ice or snow at or near the melting point are twice as slippery as at zero," he warns. That's why it's important to keep posted on weather reports and get the "feel" of the road on winter-coated streets.

Cite 38,000 SIU Enrollment In Request for \$111 Million

An operations budget request for \$111,889,291 to finance Southern Illinois University during the 1970-71 fiscal year was formally presented to the Illinois State Board of Higher Education Tuesday. The request is an increase of \$33,185,243 over the appropriation for 1969-70.

University President Delyte W. Morris said much of the increase was necessitated by applying Higher Education Board-approved formulas to projected enrollments, salary adjustments, and costs of opening new buildings.

Sixteen per cent of the increase, or \$13,051,453, represents retirement system contributions as recommended by the State Universities Retirement System board.

Other increases include costs of new and improved programs at both Northwestern and Carbondale campuses, including the medical and dental education studies.

Expect 3000 More Students. The university, with an enrollment of 35,554 for the current quarter, forecasts an enrollment of 38,200 in the fall of 1970.

A total of \$4,043,681 of the budget increase is asked to compensate for the increased enrollments, reflecting the higher costs of upper level undergraduate instruction, as envisioned in the Illinois Master

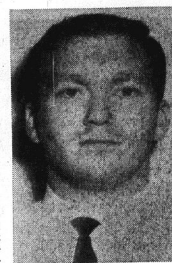

Plan for Higher Education. Salary and wage adjustments, based on the Higher Education Board formula, will require an increase of \$4,689,542 for the 1970-71 fiscal year, Dr. Morris said, while costs of opening new buildings will add another \$1,364,088.

New instructional programs at all campuses, including medical and dental education, will cost \$4,537,671. Improvement and expansion of existing instructional programs is estimated to cost an additional \$955,628 while public service will need \$1,132,957.

The operations budget from state appropriations for the current fiscal year is \$75,704,043.

To Meet in Bloomington. Veterans clubs in a dozen Illinois colleges are expected to be represented at a state meeting of the Illinois Federation of Veterans in College to be held in Bloomington this weekend.

Clubs expected to be represented are located at Southern Illinois University, Western Illinois University, Northern Illinois University, Eastern Illinois University, Bradley University, Illinois Valley College, Canton Junior College, Elgin Community College, College of DuPage, Rock Valley College, Illinois Central College, and Illinois State University.

Jessee Employed On 'Y' Staff for Physical Program

Michael L. Jessee has been employed by the YMCA as staff associate related to the physical program, it was announced by William L. Harris, "Y" president.

Jessee, who worked for the local "Y" in a similar capacity during 1965-67, began his duties this week. He also will be enrolled full time at Southern Illinois University - Southern where he has completed two years of study.

"Because of Mike's special interest and experience in aquatics," Harris said, "we feel that our Y staff has reached a high level of effectiveness."

"He holds advance degrees in water safety with the American Red Cross, with whom he worked in Houston, Tex., in 1968-69, and also is very familiar with the national YMCA aquatics program."

Harris pointed out that the staff now includes three men who are certified senior directors—Marvin E. Van Metre, executive; Forrest Cockrell, assistant executive; and Charles Hasse, youth work.

The staff associate level, defined as full-time program employees seeking a college degree or equivalent to qualify as

'Madwoman of Chailiot' At SIU-SW Nov. 12-15

"The Madwoman of Chailiot" by Jean Giraudoux will be presented Nov. 12-15 at SIU-SW by its University Theater.

Two casts selected for the first play of the theater's current season will alternate performances.

Tom Ray of Granite City will play a broker and deaf-mute. Anna Zimmer of Granite City will portray "Paulette" and "Josephine."

"Giving our more experienced young actors two characters to wrestle with, two stage movement patterns and two sets of lines to learn, and two sets of costumes to become accustomed to should broaden their acting opportunities," said Prof. Lynn Kluth, director of the University Theater.

"The younger students will play the same role in Chailiot but there are two casts rehearsing and they will perform on alternate nights, giving more actors a chance to participate."

Speaking of the play, Kluth said, "It has tremendous relevance to the major societal problems of our time, touching materialistic obsessions and human dehumanization. It could be considered a good-guy-evil

Pumping Brakes Rapidly An Advantage on Snow

Every bit of winter driving know-how we can pick up helps us get through the winter without accident, says Police Chief Ronald J. Veizer.

"When stopping on slippery pavements, for instance," he points out, "pumping the brakes rapidly has the advantage of not locking the wheels, which helps maintain steering control. It also provides a warning of flashing red brake lights to drivers behind."

sus-bad-guy kind of play in which human sensitivity fights materialism.

"A delightfully dotty woman of 'unstable character,' Countess Aurelia (The Madwoman) decides to make the world safe for the 'little people' by dropping all the exploiters in the world through a large trap door opening onto a bottomless pit," Kluth elaborated. "Needless to say, she succeeds and the world becomes beautiful once more."

Beginning Wednesday, Nov. 12, performances will be given on four successive nights at 8:15 in the Communications Building theater. A 2:15 p.m. matinee will be presented Saturday, Nov. 15.

Birds 'Beep-beeping' In Carbondale Area

There are some bobwhite quail in the bush around Carbondale that go "beep-beep." They're packing tiny radio transmitters so that a Southern Illinois University student researcher can keep track of them.

David Urban, a graduate student in wildlife management, wired 35 young quail for sound last spring and summer. Then he released them back into the wild where they re-grouped into coveys.

The bugged birds act as Urban's sentinels, tipping him off to the whereabouts of the coveys. He tracks down the give-away signals from the cab of a radio-monitor truck toting an antenna that can pick up the mill-amp "beep" from a half mile away.

The beeper is a cigarette-sized transmitter and hearing aid battery encased in plastic and attached to the quail's back, behind the head. A flexible wire antenna, about five inches long, is virtually invisible in sunlight and doesn't hinder the bird at all.

Urban's broadcasting bobwhites are providing him flocks of research data on such things as nesting success, predation losses and population dynamics.

The film, made in 1965, is in Hungarian with English subtitles. It is a sophisticated study of youth exploring its independencies in a convention-bound world.

The program will conclude with a tournament involving the parents during an afternoon session and a banquet in the evening.

A general review session, including an introduction of the college representatives, will be conducted by McCauley in the high school auditorium, starting at 7:15 p.m. Wednesday. Parents and students will then adjourn to designated rooms, where university personnel will be available for consultations and to distribute literature pertaining to their specific institution.

A new aspect to this year's "College Night" activity will feature the presentation of special scholastic certificates to 33 high school juniors and seniors, McCauley announced today.

Assistant Principal Jones explained the three students took the National Merit Scholastic qualifying test in February, as juniors. The test is given on a voluntary basis to top-ranked students, with a total of 750,000 students tested in 17,250 schools throughout the nation.

From the three-quarter million high school juniors tested, 15,000 were classified as semifinalists and 39,000 as commendation certificate recipients, Jones noted. Certificates are

Russian Language Study Program by SIU

Applications for a 10-week Russian language study program in the Soviet Union in the summer of 1970 are being accepted by the department of foreign languages at SIU-Carbondale. The study tour is scheduled for June 23-Aug. 27, 1970, and deadline for the application is Jan. 31.

Joseph R. Kupcek, head of the Russian section of the department, said the study tour will offer six weeks intensive study of the Russian language at Leningrad State University. Students also will travel to southern areas of the Soviet Union and return home through Balkan and Central European countries.

Enrollment will be restricted to about 30 undergraduate or graduate students who have a minimum of two years of college Russian or the equivalent. Tuition awards are available to students in good academic standing, Kupcek said.

The Southern Illinois University library has one of the nation's most important collections of works by and about James Joyce.

Choral Director Sees Group Singing Values

"Communication through group singing may be one way to solve some of the world's social ills," says Leonard Van Camp, director of choral activities at Southern Illinois University-Southwestern.

"I know they're not that simple to cure," Van Camp elaborated, "but I've never heard of a riot at a rehearsal or seen anyone picketing a choral group. The best choral experience comes from singing with a group of persons you know and like. You can't sing St. Louis Philharmonic orchestra with those you dislike."

Communications comes naturally with the professor — it's what his work is all about. He credits his experience as a newspaper carrier and grocery checker in a chain store in his hometown, Wichita, with improving this art.

"The store was situated between two totally different kinds of environments. I had to learn to switch conversational patterns in a matter of seconds."

He checked groceries while American Children was offered during the summer.

VA Studies Education Trends Under GI Bill

A study of the veterans who entered college during the first three years of the current GI bill indicates that while almost half enrolled as freshmen, about one in five enrolled for a master's or Ph.D. degree.

John B. Naser, VA regional office manager in Chicago, said that more than half of the GI college students indicated their field of study with 31% choosing business and commerce,

14.5% education, and 11% engineering.

Next in order are the life sciences (agriculture, biological, medical, and health), under nine per cent; technical courses, less than eight per cent; and social sciences under eight per cent.

Business is also popular in schools below the college level. Electrical and electronic training is another popular subject among this group.

In apprentice and other on-job training under the GI bill, structural courses are the most popular. The following statistics on veteran trainees were revealed in the report:

The median age at the time of entering training was 26.5; 70% were in their 20s; 8.5% over 35; 28% had completed one year of college; 39% had one or more dependents. The report was based on the three-year period ending June 30, 1969.

The VA invites veterans in or out of school to contact their nearest VA office if they have any questions about veterans benefits. Veteran students are urged to inform the VA promptly if they have a change in their course of study, address or number of dependents.

Educational units approved for VA training in the state of Illinois total 467 and there are 318 approved job training establishments in the state, according to Naser.

Most-Wanted Items by U.S. Servicemen

The ninth list of "Yule Mail Call" names and addresses appears today together with information, provided by the USO, on items most frequently requested by servicemen in Vietnam.

Two sets of brothers now in the Armed Forces are included in the current list and in this article may be found the addresses of USE-operated clubs in Vietnam, Thailand and Korea, where local residents may send greeting cards, letters or packages for distribution by the club director to "any serviceman."

Persons wishing to send gifts or letters to military personnel overseas are reminded that anonymous mail will not be accepted by post offices. All mail must be addressed by name and include the five-digit APO number.

For those wanting to send greeting cards, letters or parcels to "any serviceman" (distribution to GIs without mail from home by the USO), the following procedure is advised by Raymond Uram of Granite City, a member of the United Service Organization's National Council:

Letters—Envelope should be addressed "To Any Serviceman." Place the envelope in a larger one addressed to the Director of any USO Club listed below.

Packages—Package should be addressed "To Any Serviceman." Either write directly on the box or use a label. Wrap package securely and address outer wrapping to the Director of any USO Club contained in the list.

When the letters and packages arrive at the designated USO Club, the director will make sure our gallant GIs receive them, Uram said today. The USO, an agency supported primarily through United Funds and Community Chests, including the Tri-Cities United Fund, is happy to be a partner in your heartwarming desire to let our boys in uniform know you care,

he added. All USO Clubs listed below must be preceded by the name—Director.

What They Want

USO representatives who conducted a survey in Vietnam to discover which items were most frequently asked for by servicemen compiled the following list.

Uram said, offering the selection as a guide to those unsure what to send in packages overseas.

Shaving equipment: foot spray; shampoo in plastic bottles; nailbrush; insect repellent; small jigsaw puzzles; first aid kits; key chains and key cases; button pens; felt tip pens (fine point and assorted colors).

Writing materials (self-seal envelopes best due to damp climate); medicated cleansing cream; small face towels; miniature sewing kits; large work handkerchiefs; hard candy in tins; paperback books; small recording tapes—3-inch reels.

Local brothers listed

Local servicemen—brothers whose addresses appear in today's Yule Mail Call list, include Marine Lance Corporal John K. Caudron, serving with the Fifth Marine Regiment in Vietnam and AE 3/c James H. Caudron Jr., U. S. Navy, stationed at the Naval Air Service training center at Imperial Beach, Calif.

Also listed are Army Specialist Four Joel E. Henry, on duty with the 35th Engineer Battalion in Vietnam, and Ralph Henry, a sailor based in Norfolk, Va.

Those submitting names and addresses of Armed Forces personnel serving at home or aboard are asked to send in the information by letter postal card, or bring the written details to the Press Record office, 1815 Delmar avenue.

It is hoped the pre-Christmas service sponsored by the newspaper will encourage Quad-Cityans to add the local military personnel to their Christmas mailing lists and send greeting cards, letters or packages, thereby helping to cheer servicemen who are away from the homes and loved ones during the coming holiday season.

The U. S. postal authorities remind those mailing cards, letters and parcels to servicemen overseas to accurately list the serviceman's name, rank, serial number and full address, including APO or FPO numbers. Wrap all parcels securely; address packages correctly and legibly and place a duplicate label which plainly shows the addressee's address and the return address of the sender inside the package. It is advised.

Drop 1 Charge in Gun Case; One Posts Bond

Charges of unlawful use of a weapon against David L. Taylor, 19, of 108 Roosevelt road, Eagle Park Acres, were dismissed by Madison police Tuesday and Henry L. Gray, 20, of 207 Allen street, Eagle Park Acres, was released under \$300 cash bond on the same charge, following investigation of a Sunday morning shooting incident in which a parked car was damaged by bullets.

William "Bull" Lucas Jr., 23, of 704 Jefferson street, Eagle Park Acres, a third person involved in the case, was transferred to the Madison county jail at Edwardsville in lieu of \$750. Lucas was charged with unlawful use of a weapon and failure to possess a firearm owners identification card.

The trio was arrested by Madison police at Fourth street and McCambridge avenue early Sunday morning, a few hours after a parked car owned by a cafe employee in Cloverleaf addition was damaged by gunfire. Police found a sawed-off shotgun in the car in which the three men were riding and said Lucas was armed with an automatic pistol in a shoulder holster.

Police said the charge against Taylor was dismissed when it was determined that he apparently was unaware the shotgun was in the car. Taylor was not armed when the trio was picked up.

Takes Part in Career Development Program

Henry P. Beiser of Granite City was among the 140 guests from over 40 states who attended a recent national conference on Guidance, Counseling and Placement in Career Development and Educational Occupational Decision Making at the University of Missouri, Columbia, Oct. 26-28.

Dr. Norman C. Gysbers, conference director, explained that the program was held at the university in coordination with the Division of Vocational and Technical Education, U. S. Office of Education.

This federally funded program was proposed in June of this year. An advisory committee helped in setting up speakers and program topics. The committee then contacted the state departments of each of the states and requested them to invite five of their vocational education and guidance personnel to attend.

Under discussion at this conference was the need for personnel, restructuring of the system and the resources required to carry on effective vocational guidance, counseling and placement. Also discussed were career development and guidelines that need to be established to meet those under current legislation.

Speakers for the program were Dr. Felix C. Rabb, director, Southern Association of Colleges and Schools; Dr. Samuel Osipow, psychology department, Ohio State University; Dr. Edwin L. Herr, chairman, graduate programs in Counselor Education, Pennsylvania State University; Dr. Loran Townsend, Dean Emeritus and Professor of Education, University of Missouri; Dr. Kenneth B. Hoyt, Professor of Education, University of Maryland; and Dr. Leon P. Minear, Director DVTET, U. S. Office of Education.

Dr. Robert Kazmayer, author and publisher, will be the guest speaker at the first dinner meeting of the 10th annual Speakers Series, sponsored by the Layman's Foundation of the Shrine of Our Lady of the Snows at Fischers restaurant, Belleville, Nov. 18, it was announced today.

Dr. Kazmayer, who publishes a fortnightly analysis of U. S. business and economic trends, "Things to Watch and Watch For," recently returned from Europe. In his Speakers Series talk he will discuss what the changing Europe means in this country, the future of NATO, the new social problems in European countries, the Russia that beckons and threatens and the Communist satellites that are attempting to break through the iron curtain.

Youth Bound Over

In Tri-Mor Burglary Anthony Szymek, 18, of 2054 Fourth street, was bound over to the Madison county grand jury Monday afternoon on a charge of burglary and was taken to the county jail at Edwardsville in lieu of \$500 bond set by Magistrate William Johnson.

He was arrested at the Tri-Mor Bowl early last Sunday in the company of a girl and a juvenile. A charge against the girl was dismissed at a hearing this week.

Keller Graduates from State Police Academy

John Keller, Rural Route Two, is one of 74 state troopers who have graduated from the Illinois State Police Academy in the Illinois building auditorium at the state fairgrounds. He has been assigned to state police District 8 at Metamora. He attended Granite City high school, is married and has two children, Jesse and Jeanne.

The class was the largest to graduate in recent years and the 45th group to graduate from the academy, according to State Police Supt. James T. McGuire. The uniformed force on duty this week will be 1556 men, McGuire said. There are 80 vacancies to be filled, and a new 16-week training class starts Nov. 9.

McGuire said, "We would like to talk to more young men 21 to 30 years of age who want the challenge of a career as an Illinois state trooper."

Army Provides Law Enforcement Training

Young men with an eye toward a career in law enforcement are getting experience and training in the Army's Military Police Corps and at the same time fulfilling their military obligations, according to Sgt. Morris L. Cook, of the Army recruiting office, 1206 Niedringhaus avenue.

Sgt. Cook pointed out that men deciding to make the Army a career may advance in their jobs to confinement supervisor, specializing in supervision of disciplinary groups. This part of law enforcement is carried out at large garrison confinement areas, regional stockades, rehabilitation centers, or at a U. S. Disciplinary Barracks.

He added that other men may choose to specialize as criminal investigators who investigate incidents and offenses and make inquiries into complaints and allegations involving government property and military and civilian people under the jurisdiction of the Army.

NEW SCOUTS WELCOMED

Seven new members, Brenda Biedle, Linda Vuhachic, Nancy Stephens, Christina LeVert, Connie Funkhouser, Redonna Reynolds and Jean Paschdag, were welcomed into Junior Girl Scout Troop 709 Monday afternoon at the home of the leader, Mrs. Vivian Davis, 2829 Dogwood drive.

An opening ceremony was led by Debbie Dutton and each patrol gave progress reports on hospitality, troop dramatics, Indian lore and civility badges. The troop will participate in a dedication program for Camp Chan-Ya-Ta during an open house Nov. 15-16 from 1 to 4 p.m.

At a court of honors, the girls decided to have a nature outing day at Camp Torque Nov. 11 and discussed Christmas projects. The leader announced that the calendars for the annual sale may be picked up at her home.

Other scouts present were Tina Collins, Kelly Cottrell, Karla Davis, Becky and Shelley Edwards, Debbie Grady, Karen Hoover, Vicki Kelley, Donna Kief, Janet Koop, Christi Kramer, Dorothy Mann, Sandy Miller, Kathy Nunn, Carla Morris, Vickie O'Shea, Kim Page, Linda Parish, Linda Painter, Vickie Presswood, Robin Sides, Donna Stout and Carolyn Wilson.

CADETTE SCOUTS MEET

A weekly meeting of Cadette Scout Troop 231 was held Monday evening in the home of the leader, Mrs. Vivian Davis, 2829 Dogwood drive. A formal scout opening was led by Renee Chenevert and Karen Lee.

A court of honor was held. Each patrol had prepared a song, demonstration or something to teach.

A weekend at Camp Torque was discussed, with patrols placed in charge of meal planning and other duties. The patrol leaders are to meet in the leader's home for shopping and planning sessions.

The troop will participate in a Cadette meeting at the home of the leader, Mrs. Vivian Davis, 2829 Dogwood drive. Two girls from each troop will attend. Kay Watkins was in charge of a "scout's own" and the troop welcomed new members, Ruth Bird and Carol Jabobson.

CHRISTMAS PLANS MADE

Brownie Troop 492 of the Marshall PTA met in the home of the leader, Mrs. Verna (Skipper) Kidman, 2816 Faith avenue, Tuesday with the co-leader, Mrs. Faye Wentz. A Christmas project was discussed.

The scouts repeated the pledge of allegiance and their promise in unison and sang the Brownie smile song. Several members who had toured the Ralston Purina testing farm in St. Louis during the weekend explained what they had viewed.

The troop will sponsor a service-lunch at Christmas and the Brownies decided what they will bring, including candy, cookies and canned meats. Also discussed was a visit to take treats to St. Elizabeth Hospital in December. Work continued on a handicraft project, a seed plaque of the U.S.

Mrs. Kidman announced that next week a secretary, treasurer and publicity chairman will be elected. The meeting ended with a friendship circle and singing.

Responding to roll-call were Pamela Constance, Debbie Handon, Lauri Holloway, Lori Kidman, Ellen King, Janet Nunes, Christy Peach, Lisa Piquard, Kim Rigan, Jackie Morris, Robin Salsgaver and Sharon Werner.

LEADER INVESTIGATE

The November meeting of Neighborhood Four - District Four Girl Scout Leaders was held Monday evening at the St. John's Lutheran Church with the chairman, Mrs. Wanda MacDonough, in charge. An investiture ceremony was conducted for 11 new leaders.

The neighborhood service team opened the session with a formal flag ceremony as the scout leaders repeated in unison the national pledge and the scout promises. Mrs. MacDonough gave a report on the district recognition dinner held last week. Mrs. Betty Kaine reported on a "bakless bake sale" that will be sponsored by the leaders to purchase new flags for neighborhood functions.

Mrs. MacDonough read a letter from the council president, Mrs. Lillian Allen, and an-

dounced that two of the delegates to a recent national convention will speak about their experiences in Washington at the Jan. 5 meeting. Two Cadette scouts from a troop in each neighborhood will attend a planning session in the home of Mrs. Vivian Davis, 2829 Dogwood drive, Nov. 13.

A leaders' Christmas party has been scheduled at the church Dec. 1, with gifts to be exchanged. The annual neighborhood "festival of giving" will be held at the Frohardt house, 2829 Dogwood drive, Nov. 16, with Junior Troop 709 led by Mrs. Vivian Davis conducting the ceremony.

During the investiture, Mesdames Faye Lochner, Helen Buenger, Joyce Hand, Charlotte Roupp, Jenn Edwards, Velba Elmore, Lori Wilson, Jean Andrews, Jackie Myers, Sharon Russio and Diane Husky were welcomed and presented with pins by Mrs. MacDonough. She read a poem, "Would You Be Thankful?" The program ended with a poem read by Mrs.

Roberts, Mrs. Maude Bates, Mrs. Margaret Polter and Mrs. Denise Schmitz. For the month, Mrs. Alberta Langley and Mrs. Helen Buenger, served refreshments. Other present were Mesdames Doris Votaw, district chairman, Mary Lou Hudson, Diane Hessel and Pat Pickford.

CADETTE CAMPING TRIP

Cadet Girl Scouts from Prather Junior High school returned from a camping trip to Camp Keeck Sunday evening with the leader, Mrs. Margaret Barton. The troop had dressed in costumes for a Halloween party at the camp, and the Shawnee patrol was in charge of refreshments.

Shawnee, Hiawatha and Beach Bums patrols alternated in handling cooking, opening and closing ceremonies and clean-up duties. The girls went

on a hike to Belleville, learning safety practices and how to pace a walk with rest periods. The hike badge was completed with a five-mile hike and Marcelina Robertson blazed a trail to a simulated injured first-aid for a "broken leg."

CAUTION NEEDED ON Bridges during Winter

Approach bridges and overpasses with extreme caution in winter weather, warns the International Association of Chiefs of Police.

Frost often forms on these structures, making driving treacherous even when other parts of the roadway are perfectly dry. Keeping this in mind can avoid a surprise skid and a possible serious accident.

County TB Christmas Seal Campaign Opens Nov. 12

An East Alton man who spent the summer as a patient in a tuberculosis sanatorium has been named 1969 chairman of the Christmas Seal campaign for Madison County Tuberculosis Association, according to William H. Dorsey, association president.

The chairman is Eugene Abernathy, 29-year-old employee of Olin Corporation's East Alton Works, whose tuberculosis was detected by a Christmas Seal chest x-ray made last February when the mobile unit visited Olin plants.

The TB Seal campaign to raise \$87,500 will begin Wednesday, Nov. 12 with the slogan, "Use Christmas Seals — It's a Matter of Life and Breath."

Musical by Masquers Group Here Saturday

Masquers, Inc., Collinsville-Quad-City area theatrical group currently launching its tenth anniversary season, will present "The Sound of Music" at 8:15 p.m. Saturday in the Granite City high school auditorium.

First production of the season, the stage play was presented twice last weekend in Collinsville.

As a motion picture, "The Sound of Music" has far surpassed the earnings record of all other films. It has been withdrawn nationally and is not expected to be released again for five years. The music is by Rodgers and Hammerstein.

The story deals with the Von Trapp Family Singers, who were forced to flee Austria during the German invasion in the 1930s.

Frank Joachimsthaler is the director, and cast members include Miss Rogers Davis of Granite City in the play.

Joachimsthaler, making his

debut as a director, is a member of the Masquers board of directors. He has acted in seven of the group's plays and twice won recognition as best actor of the season.

Supervisor Nelson Hagnauer noted in his report that the second distribution of 1968 taxes was received last month and included \$45,226 for the general assistance fund, \$6995 for the town fund and \$1892 for the Illinois Municipal Retirement fund for employees.

Disbursements during October from the general assistance fund amounted to \$13,095, leaving a balance of \$43,804 on Oct. 31, plus a time savings certificate of \$25,000. In the town and October disbursements were \$8335, leaving a balance of \$9864, and in the retirement fund, the disbursements were \$429, leaving a balance of \$2078.

Current expenditures approved Monday night were \$718 from the town fund and \$8342 from the general assistance fund.

She also directed the Masquers presentation of "A Thousand Clowns," presented at SIU-SW last year, and is a member of the Board of Directors. While in college, she appeared in several plays and operas, including "The Curious Savage," "Dinny and the Witches," "The Wayward Wail" and "Plains and Fancy."

Miss Davis holds a master's degree in professional voice from Illinois Wesleyan University. During the 1964-65 season, she toured with the renowned Norman Luboff Choir. She is a second grade teacher in the Venice public school system.

Admission prices Saturday will be \$2.50 for adults and \$1.50 for students through high school age. Children under five will be admitted free.

Season tickets for four productions total \$5, a \$3 saving from the single-admission prices, and \$4 for students, a saving of \$1.

Dissent Must Not Interfere With Others, SIU Rules

Southern Illinois University recognizes two basic college campus freedoms—the right to demonstrate responsible dissent and the right to go about one's business without interference.

So states the university's "policy statement on demonstrations," filed this month with Gov. Ogilvie and with the Illinois Board of Higher Education, as the required by House Bill 1894 of the 76th General Assembly.

Text of the two-and-a-half-page statement is taken from two documents drafted more than a year ago and now common knowledge on all campuses of the university.

"The university is a community dedicated to intellectual development by the process of rational thought and to the freedom of expression of ideas and opinions. It is a community that not only tolerates dissent, it welcomes responsible dissent and discourse on the issues of our time," the policy relates.

"Freedom to protest by lawful means must and will be protected by all authority available to the university.

Disruption to Be Resisted

"However, when actions of individuals or minority groups interfere with the legitimate rights of others and are directed at the disruption of the normal processes of university life, they must and will be resisted."

Turning to measures which will be taken to insure regard for these freedoms, the policy statement quotes from an interim statement issued in May 1968:

"Interference with the normal function and proper conduct of the university forces the university to take appropriate disciplinary action, including suspension and expulsion when university regulations are disregarded, and to invoke legal action by civil authority when the laws of the state of Illinois are broken."

The statement concludes:

"In the normal course of events, enforcement of the above regulations and public law will be handled by the University Security Office."

Illinois Jaycees to Hold Model Con-Con

Bob Bischoff, second vice-president of the Granite City Jaycees, will represent the young men's service club as delegate to the Illinois Jaycees' "Model Con-Con," scheduled to take place in Springfield, Friday through Sunday, Nov. 21-23.

Announcement of Bischoff's appointment as delegate from Granite City was made last evening by Stanley Noe, local chapter president, at the club's November business meeting.

Thirty-two chapters from the Jaycees' southwest region which includes Granite City, will send delegates to the mock convention, where they will join with Jaycee appointees from other sections of Illinois, Noe said.

Strict adherence to the role of actual Con-Con delegates will be attempted in the model convention, according to Jon W. Tenbrook of Crystal Lake, who is serving as chairman of the state-wide project.

Developed Last Week

The model convention idea, initiated by the Crystal Lake and Springfield Jaycees, was proposed and adopted as a state project at the Jaycees state

City to Face Problems When Snow Hits

Snow removal from Granite City streets and cinder spreading at intersections could pose problems for the street department if the manpower shortage continues, it was brought out during Monday night's city council session.

Alderman Nonn stressed that if a sudden storm should hit, "the town would be at a standstill" because six of the 25 street department workers are assigned to manning pumps at sewer breaks.

"That leaves 19 men or maybe even less if there are any on vacation. We need to work out some kind of arrangement to be ready and perhaps hire extra men," Nonn stated.

An objection was raised by Mayor Partney, who said he "would not go along with any extra expenditures until the city can see its way clear financially."

Cutbacks Recalled
The mayor recalled that in winter months, the city cut back the street department and operated with 14 men.

"When was that?" Street Supt. Warfield asked.
The mayor replied it was about 1960 when Elvise Curtright was street superintendent. Warfield commented that Curtright retired in 1956.

He added that it takes three men crews to operate each of the city's six cinder spreaders. "With the men on the pumps, that's all I've got," Warfield said, adding, "and you can only work the crews about 12 hours a day."

It also was brought out that the city's street grader, which is used extensively in removal of heavy snow, has a burned-out clutch that needs replacement.

Authority Questioned
When Partney stated, "It can be done with the crew we have," Alderman Robertson asked the mayor, "What authority do you have over the street department?"

The mayor answered that he had control of the finances. "I thought the council had that authority," Robertson retorted.

Partney's reply was, "To a certain extent."

Robertson continued, "That's tightening the belt too tight for the people of Granite City. We have to keep the city and the

people moving. When you cut it too much, Mr. Mayor, that's when I vote the other way."

Great River Road
Nonn pointed out the city has other major thoroughfares to prepare for maintenance once the Great River Road opens next month.

"We'll be getting the traffic off Missouri avenue, but then it will be on Rock road, West 20th street and Niedringhaus avenue. We're going to have problems."

"Rock road is breaking up and is in bad condition. West 20th street is too narrow, and Niedringhaus avenue will need constant maintenance. We also

will have the problem of the need for a railroad crossing overpass.

"At the present time," Nonn commented, "we have no plan for the traffic."

The discussion ended with no solutions offered.
Later in the session, Street Supt. Warfield emphasized that with six of his men assigned to sewer pumps, "We can't do what we have done before, and some arrangements should be made."

The discussion and the council session ended with Robertson's remark, "The superintendent should be prepared for any emergency."

Central Christian Church's Christian Youth Fellowship met for a brief business session Sunday evening and then collected for the Unicef fund.

The meeting opened with prayer, and it was announced that plans to attend a football game out-of-town had been canceled.

Members present, who went house-to-house collecting funds for the drive, were Donna Cain, Herb Cain, Duane Parrish, Terry Hulse, Jim Townsley, Bill Hahn, Greg Walker, Alma Cassy, Diane Turner and a guest, Jim McDuffy, and counselors for the CYF, Mr. and Mrs. Jim Ash.

ATTENDS STATE MEET

Illinois Parents of Hearing Impaired, a statewide group composed of members of 19 parent groups from throughout Illinois, met in Morton Grove during the weekend to plan future activities and revise bylaws of the two-year-old organization.

Attending from Granite City was Steve Gargac, 3229 Colgate place, president of the Bl

County (Madison and St. Clair) Parents Group of Deaf and Hard of Hearing Children. The group sent Gargac as its representative.

Revised bylaws were submitted and several changes were made. A legislative report was presented to the meeting, with action withheld until the next meeting. Also discussed were services the state organization should provide, such as distributing state scholarship information and fund-raising information and plans.

Announcement was made of the next meeting on Jan. 17 at Starved Rock State Park, and of "state day" in Bloomington in May 1970.

The local group meets the fourth Tuesday night of each month at the Union school in Belleville. Mrs. Jane Grote, 1633 Venice avenue, is area chairman.

CHI RHO PLAY

Members of Chi Rho at Central Christian Church on Sunday evening held their weekly meeting. Diane Parrish, president, opened the meeting and Jeff Hahn led the Lord's prayer.

A discussion was held concerning fund-raising projects, and a committee was set up to decide on specific projects. Serving on the committee are Vicki Leggett and Diane Parrish.

Announcement was made that

NOTICE TO THE GENERAL PUBLIC

(How Safe Is Your Money?)

MOST REAL ESTATE TRANSACTIONS usually involve rather large sums of money (thousands and thousands of dollars) changing hands. As a matter of fact, Real Estate may be the largest and most important single "money deal" in most people's lives.

"SO HOW SAFE IS YOUR MONEY?" Most folks would be horrified if you accused them of being gamblers, or of playing "Russian Roulette" with their own money. Yet people in "Blind Faith" will hand their money, or sign Legal Documents over to perfect strangers or slight acquaintances simply because they read an ad in the paper or they see a sign over a door. "WHY?" Because most folks want to trust people they do business with. And, in most cases fortunately their trust is justified.

BUT, WHAT ABOUT THAT ONE TIME, something goes wrong — "A Life Savings Wiped Out," thru sheer ignorance or intent to defraud. Sad, but true, it does and does happen. Of course folks will say "There are laws to protect us." True, but "can you get blood out of a turnip?"

AS REALTORS, it is not our intent to point a finger at anyone in our line of business, or alarm the General Public. But certainly in the interest of our Profession, we feel the General Public when doing business with any Real Estate Man (no exceptions) should check and get some answers to "How Safe Is Your Money?" After all, it's your money. Check Character, Reputation, Business Experience, Financial Ability (ask your Lawyer or Banker) and Know How. Also, are there built-in "safeguards" in the event of Displacement, Bankruptcy, Death, Larceny. Will my money be kept in a separate "Escrow Account" (required by law)? Finally, are my Legal Papers safe from Fire, Theft, Carelessness?

We believe "REALTORS" will check out 100%

City to Reroof Main Fire Station at Cost of \$6447

Granite City's main fire station, the \$300,000, nine-year-old edifice at 23rd street and Madison avenue, will get a new roof. Award of the contract to Biel Roofing Co. on a bid of \$6447 was approved by the council Monday night, despite a lower bid of \$5851 by Rogers Roofing Co., Granite City.

Acceptance of the higher bid, it was pointed out by Aldermen Whitmer and Schuler, was recommended because the specifications called for tin work for flashing and a three-year guarantee. Rogers Roofing, Whitmer said, submitted a bid with a two-year guarantee, and Schuler noted that flashing was not included. "Biel was the only bidder to comply with the specifications," Schuler added.

Several aldermen pointed out the roof has been leaking for several years and has been patched, but that it would be necessary to reroof the building completely to prevent extensive damage.

When Alderman Jarrett said the budget calls for only \$4000 for building maintenance for the fire department, Mayor Partney said it would be necessary for a fund transfer within the department's budget.

Buy More Fire Hose

Approval was given for purchase of additional fire hose with funds from the street department, earmarked for purchase of used hose from the fire department by the street department. The new hose will be placed at fire houses, and older hose turned over to the street department for its needs in flushing manholes and catch-basins.

Alderman Whitmer, chairman of the Fire committee, said the hose recently purchased for the fire department met required standards and was cheaper than hose purchased from another firm last year. "We paid \$1.84 a foot for 2½-inch hose last year, and the price this year was \$1.22. For 1½-inch

hose, we paid \$1.55 last year and this year it cost us 88 cents," Whitmer said.

The city council approved the purchase of 800 feet of 2½-inch hose and 400 feet of 1½-inch hose.

Garbage Complaints

Council members also discussed in detail complaints on garbage and trash collections and on the operation of the dump.

Alderman William L. Dallas, chairman of the Sanitation committee, told council members to give all complaints to him, and he will work out solutions with the contractor, Millam East, Corp.

The complaints included missed containers in individual instances, and for an area of several blocks. It was determined that the several blocks were missed because the truck cannot operate in the alleys where streets are blocked off for the Moro-Ball avenue sewer repairs.

Alderman Daves said he had contacted the householder along with a representative of the collection firm, and it was decided the containers are to be placed at the curbline for the pickups until the sewer break is repaired and the streets reopened.

Persons taking junk to the dump are being charged on occasion, several aldermen remarked. Dallas said this results from an error and that he has been able to get refunds. "Let me know about them," he told the council.

Extra Service to End

Nonn remarked that Granite City is one of few cities in the nation providing free dumping for residents, and he predicted the practice would be halted under the next contract because of the high cost. "We're paying several thousands of dollars for the privilege now. And another thing, the city is not complying with its end of the contract in enforcing the regulation requiring garbage to be placed in containers or plastic bags before being placed in a garbage can."

"Can't you see a man picking up a large garbage can overflowing with garbage," he added.

After the matter had been discussed for several minutes, Basarich remarked that the council's time was being wasted by such complaints. "The aldermen should take the com-

plaints from their people and then present them to the company."

The council was advised by Robert Jackson, superintendent of the sewage treatment plant, that he and his staff will be host to a quarterly meeting of an area association for treatment plant operators. The meeting for about 40 to 50 persons from a 19-county area will be held Tuesday at 1 p.m. in the meeting room of the VFW hall. Jackson invited aldermen to attend to hear the discussion of treatment plant operations in surrounding communities.

Permission was granted to George Gallas sr., former school crossing guard, who

asked that he be reinstated at his post. No action was taken by the council.
